PEACE PAPERS SENT GERMANY.

Ratification of the Treaty is Forwarded to Berlin.

President to Proclaim End of War, is Belief.

New York Man Mentioned as Possible Ambassador.

WASHINGTON, Oct. 20.—The State Department forwarded by mail tonight to Berlin the papers announcing ratification of the treaty of peace by the Senate on Tuesday.

Official peace between Germany and the United States will not exist until the exchange of ratifications takes place upon the arrival of the documents at the German capital.

Germany having already ratified the peace treaty, it is expected that the ceremony of exchange will be accomplished immediately after the American papers reach Berlin.

The status of peace will come automatically as soon as this formality has been accomplished. Whether the President will issue a proclamation of peace is undetermined, but authorities today were inclined to the view that he would do so upon advice of the Attorney-General.

To RESUME RELATIONS.

Resumption of diplomatic relations will follow the status of peace as soon as exchange of Ambassadors takes place.

The same is true as to the United States approaching Germany. So far as can be learned Germany has communicated nothing informally as yet through the American commissioner at Berlin regarding the future Ambassador to the United States.

Speculation continues here regarding the American Ambassador to Berlin with Representative Alanson B. Houghton of New York.

Ambassador David Jayne Hill and former Senator J. Beveridge of Indiana most prominently mentioned for the post.

New York leaders insist that the contest for this diplomatic plum is all over and that Houghton will be named. He has strong backing from the Empire State and is considered by the President. He is a wealthy business man with the advantage of several years' experience in Germany as well as finishing education in Berlin universities.

Following peace with German negotiations are expected relating to a new commercial treaty, but it was explained at the State Department today that no such negotiations will come from Germany.

SPORTS MOTORING FLAND DRAMA

THREE WILD AND EXCITING SCRAMBLES ON HIGH SCHOOL FIELDS TODAY.

It'll Be a Lively Day in the Prep Ranks.

L. A. High and Lincoln Cut Loose on the Rainsplitters' Field.

BALL BUGS WILL TAKE ISSUE WITH LANDIS OVER PROPOSED ABBREVIATED WORLD'S SERIES.

BY HARRY A. WILLIAMS.
Many baseball followers will take issue with Judge Landis in his announced determination to shorten the world series by returning to the old basis of four games out of seven. It seems to be the consensus of opinion that baseball's highest commissioner got more baseball than he cared for in one dose, became bored on the seventh day, and on the eighth, yawned copiously and decided that more than enough. Hence, the prompt declaration that the next series should be abbreviated.

ENGINEERS SET FOR SAGEHENS.

Stanton's Football Warriors
Primed for Pomona.

Tussle May be One of the
Fiercest of Year.

Kemp is Showing Strength in
Tech's Backfield.

Coch Stanton's men are working early and late this week preparing for their game at Tournament Park tomorrow, when the Sagehens and the Engineers will meet in a tussle which is expected to be one of the best of the season. Stanton has developed a team to a great extent from raw material—that showed its speed and scoring ability last Saturday against the Cubs, while Stanton has developed—also, very much from new material—a team that beat the much-touted navy team from the U.S.S. New York, only a week after their defeat at the hands of the wonderful U.S.C. aggregation.

WHITTIER TO MEET REDSKINS.

Poets Have a Conference
By Tomorrow, so Coach
Perry Stages Practice Till.

WHITTIER, Oct. 21.—The victorious Whittier Poets have drawn a bye in the conference schedule for Saturday and have arranged a practice tilt with the Sherman Indians. Coach Perry intends to send the second variety against the red men and give the battered up varsity a rest. Pickett and Buckmaster, tackles; Kramer, guard, and Johns, end, are on the casualty list at present.

RALLY TONIGHT.
Preparations are being made by the Tech squad to take the boys to a big rally on the front campus tonight. A monster game will be built, and the football men and the old grudge will render some choice speeches.

GRID SQUAD ARRIVES.
[BY A. P. NIGHT WIRE.]
COLLEGE STATION (Tex.) Oct. 20.—Fifteen members of the University of Arkansas football squad arrived here today for a game tomorrow with Texas Agricultural and Mechanical College. This will be the first game for the team since they played with a Southwestern conference team in Texas.

POOH-POOH FOR YALE; IOWAN SAYS ELI HASN'T A CHANCE.

BY PAUL LOWRY.
All hopes of seeing a Yale football team in action at Pasadena on New Year's Day might just as well be gently folded up and laid away in moth balls.

Iowa, home of the picnic basket, craves the opportunity to exhibit its stalwart football team. The statement in these columns a few days ago that Yale, hoary with football tradition and spirit, might possibly be an attraction in these parts irrespective of whether she were eastern champion or not, provoked a warm and illuminating letter from a gentleman who styles himself a former Iowa halfback.

TICKETS ON SALE
FOR U.C. CONTEST.

The demand of students, alumni and friends for tickets to the U.S.C.-California football game, at Berkeley, on November 3, having been satisfied, Graduate Manager Henry Bruce of U.S.C. has opened the sale to the general public. Tickets may be secured by mailing checks to Bruce, or calling at his office, Thirty-sixth and University.

MOTOR BOATS TO DASH AROUND THIS WINTER.

Enthusiasts Decide We Can Stage
the Sport as Well as Florida; to
Hold First Race December 4.

The Los Angeles Athletic Club moves rapidly. On Wednesday it announced that it had undertaken the promotion of winter motor boat racing in Southern California. Yesterday it announced that its first race will be held on Sunday, December 4, rain or shine, at Los Angeles Harbor for the Dyas trophy offered by Bernal H. Dyas, that entry blanks are being printed and will be ready for distribution at once, and that already three entries, consisting of some of the fastest motor boats in Southern California, have been pledged.

GLENDALE LOSES ON GRIDIRON.

South Pasadena Machine
Has Little Trouble Trouncing
Red and Black 20 to 0.

South Pasadena's gridiron gladiators climbed within striking distance of the league-leading Monrovia eleven yesterday afternoon by thumping Glendale on the home field, 20 to 0. The Tigers clamped down second position in the Central League by this performance, and supporters of the school are predicting big things.

The Glendale pigskinners put up a scrappy game, but were outclassed by their speedy opponents. South Pasadena pushed across a brace of touchdowns in the opening period. Capt. Buck, halfback, being largely responsible for both touchdowns. The Glendale forwards, across for the first score after a series of spectacular runs by Buck and Deerr, while Buck missed through the Glendale forwards for the second touchdown shortly before the quarter ended.

In the second and third periods the Tigers played a punting game being content to keep their lead. Duck Urmon, left end, was put off the field in the second frame for leaning too heavily on Quarterback Green's anatomy.

A string of substitutes pushed Glendale down the field in the final quarter for another score. Buck carrying the ball.

Princeton Gets
Bid for Combat
With the Bears.

[BY A. P. NIGHT WIRE.]
PRINCETON (N. J.) Oct. 20.—An invitation to meet the University of California on the gridiron, either this year or next, was received today by Capt. Keck of the Princeton football team.

The letter, signed by Capt. George Latham and the California football eleven, speaks of the friendly relations between the two institutions that grew out of the meeting of their crews here last June and expresses the hope that "this spirit of friendship will be continued indefinitely."

COBB SPIKES SAM AGNEW.

[BY A. P. NIGHT WIRE.]
SAN FRANCISCO, Oct. 20.—Ty Cobb, major league star, and manager of the San Francisco club in the Winter Baseball League, spiked Sam Agnew, catcher for the Mission team in the same league, so severely today that Agnew was compelled to go under a doctor's care. Cobb was sliding into home when the mishap occurred.

MINNESOTA APOLOGIZES.

[BY A. P. NIGHT WIRE.]
CHICAGO, Oct. 20.—A letter apologizing to the members of the "big ten" conference for the action of its coach, Dr. H. L. Williams, in placing numbers of four digits on the backs of University of Minnesota football players, was received today at Northwestern University, which played the Gophers two weeks ago. The letter, signed by James Falk,

SAILOR GOLDMAN TROUNCES GEYER.

Singles L.A.A.C. Boxer With a
Battery of Lefts.

Bout is Dragged Out to Four
Slugging Rounds.

La Barba Trims Benny Marks
in the Semi-wind-up.

Smiling Sailor Goldman left the U.S.S. Idaho long enough last night to prove conclusively to all that he is Ad Geyer's superior in the ropes arena. Although it took him four rounds to do it, the sea-going welterweight pounded the Athletic Club boxer unmercifully, returning two swats for every one he received, and won an obvious decision.

It was the sailor's left hook, snatched with a sprinkling of right wallop, that won the bout. Geyer reached Goldman's body with his right hook on numerous occasions, but his usual aggressive tactics were nipped in the bud by the gold's left jab.

Geyer opened the bout with a left swing that landed, but the sailor returned the compliment with interest by knocking the L.A.A.C. boxer down twice before the gong sounded. The second frame was only slightly in Goldman's favor, and Geyer landed a series of stinging rights along the last of the third that postponed the decision until an extra round had been fought. The final round was all the sailor's.

Fidel La Barba repeated on Benny Marks, in the semi-wind-up, Benny losing in the third round after two even-Stephen periods.

Harvey Perry exhibited some clever glove wielding in his bout with Sailor Sharp, knocking the sailor out in the second round after playing with him in the first canto. Although Sharp was game and had some science, Perry took his measure without difficulty.

Ad Allegretti won a decision over Ralph Brown, for the second time, in a toe-to-toe slugging match that tickled the bugs.

Kid Crossman, in his initial appearance at the Athletic Club, lost a game fight to Joe Salas in the opener. Crossman appeared nervous, but bravely fought to the limit, opponent, and with a little experience should be right up among 'em.

In the other preliminaries Moffat won from Mulvaney, Ralph Smith, the young giant, put Aseltine to sleep, and the first round of the first round was won by Paperno.

Winter Weight Suits to Measure

That Have Wear and Good
Looks Built in Them

Mandaville

Clothes are an Economy—
They are Heavy All-Wool

The bulk of our great winter stock is on the tables marked at the new low price level that has made Mandaville the tailor of so many "Men Who Know" REAL tailoring and what its selling price should be.

We have priced a line of stylish fabrics at such very agreeable figures that even the hard-to-please fellow will be satisfied.

the legal right to an estate of a plural wife wedded to one of the Utah old-timers in the days of polygamy.

Dr. Philip Rathjen, former professor of bacteriology at the University of California, Berkeley, but who for the last two years has lived in Pasadena, has been elected to the American Association for the Advancement of Science at the Smithsonian Institution, Washington, D. C., for the discovery of a new germ, the germ of anemia.

For the last two years Prof. Rathjen has been working upon these experiments at his laboratory here and his results were revealed in technical papers in medical journals, but have not been made known previously to the lay world.

With the discovery of the new germ, said by Dr. Rathjen's friends to be the first germ discovered in America, the professor immunized five goats and secured a serum that has proven to have successful and curative powers in such hitherto baffling diseases as pernicious anemia, neurasthenia and epilepsy.

In the test of the new serum resulting from the discovery of the germ of anemia, 300 cases of anemia, varying from mild phases to six acute cases of pernicious anemia, were treated, according to Prof. Rathjen, and every case responded to the effects of the serum. Of the six pernicious anemia cases, all women and bedridden, he said that three had completely recovered and had married, and that one is about to become a mother. The serum resulting from the new germ discovery is said also to have produced excellent results with epilepsy, according to attending physicians.

Prof. Rathjen's discovery is regarded by many of his colleagues as the solution of the prevention of pernicious anemia, which has been a puzzle to medical science for generations. Blood transfusions prolonged life just temporarily, and death almost invariably followed manifestation of the disease.

Many Southern Californians will recall the death in Los Angeles a few years ago of Mrs. Inez Milholland Boieswain, the noted New York suffragist and woman labor leader. Mrs. Boieswain died from pernicious anemia, after friends the country over had proffered transfusions of their blood. A number of transfusions were made, but Mrs. Boieswain slowly declined.

Organized steps to test the legality of Pasadena's famous anti-keeping ordinance will be taken soon. This ordinance, which also imposes certain restrictions on the keeping of other animals and fowls in the city limits, was amended recently by the City Directors and will become effective as amended November 1. The Pasadena Milk Goat Association opposed the amended ordinance, deeming it as objectionable to goat owners as the old ordinance, and this organization probably will

take the lead in the testing of its legality. The decision to contest the ordinance was made at a conference of goat fanciers and the owners of other animals named in the regulations.

Messages urging President Harding to endorse the suggestion that the whole nation and all the nations of the world join in a silent prayer for disarmament on Armistice Day were sent to the White House today by the Pasadena Rotary Club and Kiwanis Club.

Glendale Again Breaks Record for Building.

GLENDALF, Oct. 20.—Glendale has again broken the record made last year in building permits, more than \$400,000 in permits having been issued this month. For the month of October, 1920, the value of all permits issued was \$326,223, and with one or more permits to be issued for business blocks, this month will break every record established.

The first steam shovel to be used in town is in operation on the grounds of the Christian Church, excavating the basement for the new \$15,000 building. The Congregational Church is campaigning for funds for a new church building, and plans are being drawn for a handsome building for the Presbyterians to be erected at the corner of Louise and Harvard streets.

Services will be held Sunday in the new Catholic Church, the altar, pews, and furnishings for which are being moved from the old building. The service Sunday will be the first held in the new building, the formal dedication will take place in a few weeks.

STATE OF EXECUTION.

VENTURA, Oct. 20.—Alfred Ellis, a negro, convicted of the murder of Carl Stannard, an ex-serviceman, will have another stay of execution. His attorney, Charles Blackstock, yesterday appeared before the Supreme Court and presented an oral argument. He was instructed to file a brief in writing. This means another delay of two months or so. Ellis was sentenced to hang, July 25. Stannard, a white man, attended a negro dance in Oxnard. At an early hour the next morning he was shot and killed by Ellis.

Direct Primary is Blamed for Numerous Evils.

RIVERSIDE, Oct. 20.—The evils of the present method of selecting judges was stressed in the annual address of President H. C. Wyckoff of Watonsville at this afternoon's session of the State Bar Association, which opened here today.

Under the present direct primary law, it was pointed out, it is necessary for a candidate for judge or justice of any court of record to make at least one and often two campaigns before the people.

"This is a serious situation," said Mr. Wyckoff, "and one which should provoke the best constructive thought of this association. The present system necessitates the expenditure of much time and money. It gives undue importance to political adroitness as against judicial fitness. Its evil consequences have not yet had time to work out fully, but they are beginning to show themselves."

The delegates were welcomed by Mayor Fortier at the Mission Inn, where the sessions are being held. The judgeship of Department One of the Superior Court, first tendered by Gov. Stephens to George A. Sarau, was today offered to W. H. Ellis, formerly justice of the peace of Riverside township. Mr. Ellis has accepted the appointment which fills the vacancy caused by the resignation of Judge Hugh H. Craig.

Keep cool—go to "Coronado." [Advertisement.]

CHRISTIANS TO MEET AT POMONA TODAY.

POMONA, Oct. 20.—Representatives of all of the churches of the Christian denomination in the Pomona district, which extends from El Monte and Covina on the west to Ontario on the east, will assemble at the First Christian church in this city tomorrow for their annual district rally and conference.

Prominent leaders of the denomination from Southern California cities will take part in the program as well as several national leaders.

Charles F. Rowe Post, No. 26, American Legion, of this city, is formulating plans for a monster banquet to be given Armistice Night for all ex-servicemen in this vicinity. The committee plans that it shall be free and in anticipation of a large crowd, will have several prominent speakers on hand to tell of the significance of this day in America.

RAILROAD PRESIDENT'S DAUGHTER INJURED.

SANTA ANA, Oct. 20.—Eleanor, 3-year-old daughter of President Charles E. Perkins of the Chicago, Burlington and Quincy Railroad and the Colorado Southern, is at a local hospital with a fractured skull and several lacerations and contusions of the head, while Mrs. Perkins and another small child of the family, besides her maid and chauffeur, are suffering from shock, cuts and bruises sustained this morning when their machine struck a tank truck of the Union Oil Company.

The accident occurred on the Coast highway, in Montecito, near Miramar, as the Perkins party were hurrying to Pasadena to catch the Santa Fe limited, having started on their way to their home in Burlington, Iowa, after several months' residence at their Montecito estate.

The highway was wet with fog and the oil truck came out off a blind road leading onto the highway. The defendant appeared surprised the chauffeur, who, because of the wet condition of the paving, was unable to stop his car or to change its course. The impact threw the maid and infant from the machine.

The others in the car were out by fragments of the windshield. Persons on the scene soon after the accident report that another woman was in the car and was badly hurt, but at the Perkins home no information can be obtained, and physicians are reticent. A maid said the woman was an aunt of Mrs. Perkins.

October is fine at "Coronado." [Advertisement.]

SAN DIEGO COMPANY TO BUILD NEW PLANT.

SAN DIEGO, Oct. 20.—A permit was issued by the City Building Department today to the San Diego Ice and Cold Storage Company for a reinforced concrete building to occupy the entire block bounded by Eighth and Ninth streets and Imperial avenue.

The permit was for \$100,000, calling for the first unit of a series of buildings, according to Frank P. Allen, Jr., architect in charge of construction. The new plant will eventually cost \$250,000. It is said a capacity of 500 tons of ice a day is contemplated. C. O. Richards is president and H. E. Richards is secretary and treasurer of the company.

Other Woman in Campbell Case is Brought Up.

SANTA ANA, Oct. 20.—The other woman in the case of Mrs. Mary M. Campbell, on trial for the slaying of her husband at Balboa June 27, was revealed by the prosecution late yesterday afternoon.

She was referred to as Miss Helen Gillette, and is said to be living in Arkansas at the present time. The facts were given in the testimony of Mrs. W. A. Osgood, widely known in Los Angeles theatrical circles as Mme. Lauree. With the close of Mrs. Osgood's testimony, the defense was opened by Attorney Guy Eddie and Dr. Albert Allen of Taft was put on the stand.

During the testimony of Mrs. Osgood, both under the direct examination of the District Attorney and under the cross-examination of Attorney Eddie, the defendant appeared extremely nervous and on the verge of collapse. One during the afternoon when the heat of the day had become most oppressive, the defendant appeared overcome and was moved over near a window and restoratives were used, while the court took a recess.

Mrs. Osgood related a conversation with the defendant which she said took place several days before the shooting, in which Mrs. Campbell told her "I can't live here, no one else is going to have him."

In relating the conversation in connection with the case, "other woman," Mrs. Osgood stated that the defendant said, "I told Jesse Campbell to return those letters to that girl and to tell her that he was going to take me back. If he doesn't, I am going to blow his brains out. I have just bought a gun to kill him with. It is the second gun I have bought to kill him with."

Mrs. Osgood then described the actions of the defendant as she talked with her.

"She laid the gun in her lap and pointed her finger at my heart and said, 'That's where I'm going to shoot Jesse Campbell,' she testified. During the cross-examination of Mrs. Osgood by Attorney Eddie, details of the conversation were brought out and the defendant became even more nervous.

"It's a lie," she said once in a half whisper as her head fell over to one side and her sister was forced to support her for several minutes.

In opening the defense, Attorney Eddie stated that it was his intention to prove that the defendant was a victim of recurrent insanity, both as a result of heredity and from her past experiences. Expert testimony from Drs. Kerns, Allen and Williams of the Los Angeles County Hospital's psychopathic department is to be introduced to prove this point.

Heredity will also be taken into consideration, Mrs. Campbell is said to be of Castilian Spanish and French extraction, a combination which is considered to be susceptible to mental disturbances. Evidence showing that she was brutally treated and that on numerous occasions required the attention of a physician as the result of her treatment will also be introduced in support of the insanity plea.

Dr. Albert Allen of Taft was the first witness for the defense to take the stand and told of treating the defendant at one time for bruises which covered her from head to foot. Campbell is said to have been responsible for these bruises. The defense will bring on further witnesses today and the effort to show through her business dealings and by her actions that the defendant was subject to sudden and temporary fits of insanity.

GLENDALF PHYSICIAN TELLS OF HIDING BONES.

GLENDALF, Oct. 20.—Chief of Police Martin states that the investigation and further excavating at the former Verdugo home place on Verdugo Road has been stopped. On Monday men remodeling the house there found two skulls and several bones believed to be those of a child. The bones were found under the floor of a rear room. Mrs. Hart, who now owns the place, states that for six months the odor has been most annoying. Dr. H. B. Crocker, who lived there until a year ago, has been questioned and says that the skulls are those of a secured while a college student, but he buried them under the house, as his wife objected to seeing them. He knows nothing of the other bones, which are small ones. Most of them are animal bones, but the city health officer thinks that a few of them are those of a child. Dr. and Mrs. Crocker conducted a rest home and sanatorium while occupying the property. The place has figured in several notorious cases. A short time ago the garage was burned, totally destroying an expensive machine.

PLAN TO RID CITY OF ALL BLIND PIGS.

OFFICERS START OPERATIONS IN VICINITY OF SAN DIEGO.

SAN DIEGO, Oct. 20.—Efforts to end the activities of alleged bootleggers in San Diego and raids on "blind pigs" are to be launched at once, it was announced this morning, with the arrival here of Prohibition Enforcement Director E. Forest Mitchell of San Francisco.

Mitchell was in conference today with Charles Case, Earl Miller and W. H. Mosher, newly appointed enforcement agents. It is reported that several "moppers" up to be used in the raids arrived here with Mitchell.

"I expect good work from the various Chiefs of Police and Sheriffs throughout California," Mitchell said this morning. "They are responsible for the enforcement of the dry laws to the same extent as are the Federal prohibition officers, and I want to work with them in every way."

FLASHES.

FLYER IS ACTOR.

ELLIOTT SPARKLING, AIRMAN, ACHIEVES SUCCESS.

By Grace Kingsley.

Nothing, it seems, can stop that rising young actor, Elliott Sparkling, former ace, and son of George A. Sparkling, millionaire owner of a string of department stores throughout the Middle West, who lately decided to let trade go hang and take a flyer into the pictures.

Mr. Sparkling played the juvenile lead in the first Oliver Sellers Productions feature, called "Double Stakes," which has been sold to the Pacific Film Company, and which will be released through a State's rights connection. He made so great a success of it that he has been engaged to succeed himself in another leading juvenile part in the next Sellers picture, for which Pacific has likewise contracted.

The new picture will be adapted from William R. Leighton's "The Able-Minded Lady," but will be renamed. It will be produced at the Pacific Film Company's studios in Culver City, work on it to be commenced at once. Oliver Sellers is directing.

Elliott Sparkling was a member of the United States Naval Aviation Service during the war, and performed distinguished service in aiding in locating submarines. As soon as he was discharged, he took a life west, and became so interested in pictures that he decided to see whether he would be as successful in tracking art to its lair as he was in pursuing submarines.

A notable cast will appear in the new Sellers picture. Henry Ward, who will have the role of the foreman of the ranch; Helen Raymond plays the strong-minded widow, and other players of distinction are in the cast.

Belasco May Get Here.
After all it is just possible that Rosamond Joyelle, remembered for her beautiful work as leading woman in McQuinn's "Mission Play," may not go into pictures as she had expected to do.

The reason is that she has been offered a leading role in a David Belasco production shortly to be put on in New York.

In any case, however, she will visit friends in this city before making her final decision. Miss Joyelle is at present fulfilling a San Francisco engagement in Oscar Wilde's "An Ideal Husband."

Entertain Marjorie Williams.
If Marjorie Williams, playing the young girl in the Famous "Mrs. Fair," with Blanche Bates and Henry Miller at the Mason this week, gets any time to sleep, I don't know when it is.

Miss Williams isn't an ardent poker player or anything like that, but Los Angeles is her home, and as she was educated here, she has scores of friends and relatives who are seeing to it that she doesn't have a dull moment.

It was while she was playing an ingenue role in a small stock company in the production of "The Girl in the Red Velvet Gown," that she discovered Miss Williams, and trained her for the role she is playing in her present production.

Sentenced to Eat Candy.
There's at least one bright day coming for a bunch of kids in this city. Allice Lake is seeking children to play in scenes with her in her current picture "Kisses," and not only will the lucky youngsters get the enormous pay, but they'll also be obliged, obliged, mind you, to eat perfect stacks of candy.

That's where for once they're going to be ahead of their mothers and poppers!

Sylvia Bremer With Metro.
It certainly doesn't look as though Sylvia Bremer would need to use any reducing exercises. Life for her is just one difficult role after another.

Her newest engagement is with Metro, to play the leading part in support of Bert Lytell in the picture "The Phantom Bride," a screen adaptation of "Tommy Carter," by Justus Miles Forman, which Bayard Rustin will direct.

Miss Bremer has just completed parts in two special productions for Fox, previous to which, she appeared opposite Will Rogers in "Doubling for Romeo."

She began her screen work with J. Stuart Blackton, but was born in Australia and received her stage training in Sydney. She made her New York stage debut with Grace George, in "The Argyle Case."

U. Company Comes Home.
The Universal unit, under Jack Conway's direction, which has been making exteriors at Big Bear Lake for Frank Mayo's current starring production, has returned to the studio.

"Wards of the North," a Clarence Budington Kestner tale, is the last of ice and snow, for which George C. Hull prepared the continuity. It is the story on which the Mayo feature will be based.

The cast includes Joseph Wickard, Wilfred Lucas, Russel Simpson, Molly Malone, Fred Thorne, and other prominent screen celebrities.

First Brunette to It.
First Brunette appears as leading woman in the cast just chosen by Louis M. Goodstadt, Lasky casting director, for Jack Holt's second Paramount picture, based on "The Parson of Panamint," by Peter B. Kyne. The adaptation is by A. S. La Vio.

Other members of the cast are Wade Boteler, Mabel Van Buren, Will R. Walling, Herbert Standing, Fred Huntly, J. P. Lockney, Betty Francisco and Bobby Mack.

New Company Formed.
Director Fred Caldwell, who has just completed "The Mystery of Ferndale," a seven-reel picture, is now forming a company to be known as the Commonwealth Motion Picture Producers.

This organization will produce a series of twelve five-reel westerns, and for that purpose has taken over the Buchanan studio at 825 East Windsor Road, Glendale.

Mr. Caldwell's associates in the new company will be Rex Macy, J. L. McConas, Scotty King and Bruce Caldwell.

Reigning Sparklers in the Domain of Entertainment.

RADIOS.

JACKIE COOGAN PLANS.

"MY BOY" FINISHED; NEW FILM SOON TO START.

By Edwin Schallert.

Although he is now enjoying a vacation, which provides ample opportunity for games of hide-and-seek, built-in-the-rins, and other sports, with playmates who visit him on the Brunton lot, Jackie Coogan is soon to be busy on a new picture production. An original story is unproduced in the production of "The Boy in the Bush," which he will start on the new feature probably in the course of the next two or three weeks.

"My Boy" was finished last Monday. The final shots were taken aboard a vessel at Los Angeles Harbor, the scenes showing Jackie as an immigrant, prior to his arrival in this country in the play.

In all, about six weeks were taken up with the production of this feature, which was written by Mr. and Mrs. Jack Coogan, the parents of the boy, and named by Sid Grauman.

Chiefly prominent in the cast supporting Jackie are Clara Quinlan, who appeared here in the stage play, "Three Wise Men," and played the role of "The Girl in the Red Velvet Gown," and Mathilde Brundage also has a leading part, while Betty Francis, a baby, is said to photograph very effectively in some of the scenes.

In Heavy-Work Film.
Tom Moore is apparently going right ahead in his impersonations of public utilities. He has successfully appeared on the screen as a street cleaner, policeman, politician and fireman, and now in "From the Ground Up," to show next week at the California Theater, he is to play a digger of ditches.

The story was written by Rupert Hughes. The cast includes Helene Chadwick, DeWitt C. Jennings and Carroll Foss.

Sunny as Hercules.
"Sunshine Sammy," the 8-year-old colored starlet, who has helped to make some of Harold Lloyd's comedies every funnier than they naturally are, has been temporarily assigned to duty at the Marshall Neilan studio in "The Argyle Case."

Scenery Is Featured.
The scenery will star in the production of "The Lagoon of Desire," is the declaration of Arthur Rosson, director of this feature, which was made in the South Sea Islands. The locations are said to have been entrancing. They were reported by W. F. Shaw next week at the production, several months before the expedition started. Natives assisted Allice Lake in his search for suitably beautiful backgrounds.

Classic Actor in East.
Ellis Reed, who has been prominently associated with classic productions in this locality, including "A Midsummer Night's Dream" and "The Taming of the Shrew," at Hollywood Bowl last summer, is now busy in New York. He was recently engaged for character role in the Broadway presentation of "The Great Way," a dramatization of the novel by Horace E. Fish of the same name. The adaptation was made by Helen Freeman, who will interpret the principal female role.

Just before leaving here Mr. Reed assisted Ernest Ward in producing the Epitaphs Bush Jinx play, "The Will of Manito," written by James Foley, with music by Charles Wakefield Cadman.

Halloween Program.
The Gamut Club Quartet will be heard in a group of numbers at the production of the Epitaphs Bush Jinx play, "The Will of Manito," written by James Foley, with music by Charles Wakefield Cadman.

Four Score and Ten Plus.
Ninety-eight years old, but just as good an actor as ever—that's Samuel Yetter, according to people around the Hollywood studio.

Yetter, you see, is grandfather of Raymond McKee, who has the leading juvenile role in "The Octave of Claudius." Mr. Yetter arrived in Los Angeles just recently from Il-

Gloria Swanson

In Film and Playlet.

Pauline Clarke, to appear in "Salvation Nell" beginning tomorrow at the Alhambra; Beverly Bayne, in Orpheum sketch with Francis X. Bushman, which is to be presented a second week, and Gloria Swanson, who will appear on two screens beginning Monday, at Grauman's in "Under the Lash," and at the Rialto in a continuation of "The Affairs of Anatol."

Illinois, where he lived in one town for eighty-five years.
Previous to his visit to the local movie colony, he had never seen a picture studio. While at the Goldwyn studio one day, he happened to meet Robert McIntyre, casting director, and Mr. McIntyre offered him a part in a new production.

He has now started working.
Mr. Yetter was identified with politics some years ago.

Jungle's Realities.
The first showing of the pictures taken on the expedition directed by Dr. Leonard John Vandenberg, Mrs. Jack Coogan, the parents of the boy, and named by Sid Grauman, in connection with the program featuring "The Affairs of Anatol."

The Vandenberg film is titled "Jungle Danes." It shows the strange rituals of natives during various holidays, an interesting comparison being afforded with modern life dances.

About 35,000 feet of film were obtained on the African expedition, which was carried out in 1913.

First Orchestra Concert.
Everything is ready for the opening symphony concert of the third season of the Philharmonic Orchestra at the auditorium this afternoon. A splendid program has been arranged for the opening pair, including Brahms Symphony No. 1, in C minor, Op. 68; Grieg's Symphony No. 1, in E minor, Op. 9; and Wagner's "Ride of the Valkyries."

After the concert tomorrow night a reception will be held at the California Club. Pierre Y. Key, editor of the Musical Digest, will be guest of honor. Mr. Key has come all the way from New York City to attend the opening program.

VIEW "SAILOR-MADE MAN."
Harold Lloyd's "A Sailor-Made Man" was shown Tuesday night on board the U.S.S. Frederick, following a dinner party given by the officers to the following: Mr. and Mrs. Hal E. Roach, Harold Lloyd and his mother, Mrs. and Mrs. Fred Newman, and Mr. and Mrs. H. M. Walder. Several scenes for "A Sailor-Made Man" were taken on the U.S.S. Frederick, where every courtesy was extended Mr. Lloyd and his company. The Navy men have followed the production with interest and were delighted at the opportunity Mr. Roach gave them to witness the private showing on shipboard.

NUCKET FOR MICHIGAN.
Thomas Melghan has received a gold nugget from the manager of the theater at Sonoma, Cal., as a mark of gratitude for making a personal appearance while in the town on location work. They had the record house.

MISS LETCH IS TO PLAY MISS STIRLING.
(BY A. P. MOUNT WIRE)
NEW YORK, Oct. 20.—Announcement was made today that Miss Cecil Letch, British golf star, would play Miss Alexia Stirling, of Atlanta, formerly United States champion, in an exhibition match at Pelham Country Club, October 28, for the benefit of the Radcliffe College endowment fund. This will be their first meeting in this country.

NEW YORK, Oct. 20.—Miss Cecil Letch, holder of the British, French and Canadian women's golf championships, and Mrs. Thomas Hucklell of New York, were winners today in the semifinal round of the Belloc Club invitation tournament.

Struck by a street car at Fifteenth street and Long Beach Boulevard yesterday, Leonard Gaines, 15 years of age, a negro boy of 1515 East Sixteenth street, was instantly killed and his bicycle which he was riding was demolished. The body was removed to St. J. Roberts a win undertaking establishment, where an inquest will be held tomorrow morning.

WASHINGTON NEWS IN BRIEF.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Oct. 20.—Any attempt to inject the Japanese immigration and land-holding question into the International Conference on Limitation of Armaments will be thwarted as a move to divert the conference from its purpose by the introduction of irrelevant discussion.

Fifty-four stockyards in almost as many cities throughout the country are to be posted November 1 as coming within the provisions of the Packers' and Stockyards' Act, according to an announcement by the Secretary of Agriculture today.

The administration foreign loan bill was reported to the House today by Representative Fordney of Michigan, who stated that definite authority for the refunding of foreign loans is necessary for the protection of the interests of the United States.

Announcement of the ratification of the peace treaty was forwarded by the State Department to Berlin today. Peace with Germany will not be consummated until ratifications have been exchanged.

Demands for investigation of the Shipping Board were made in the Senate today during discussion of the resolution introduced by Senator Poincaré seeking information relative to its indebtedness and pending claims.

Announcement of the ratification of the peace treaty was forwarded by the State Department to Berlin today. Peace with Germany will not be consummated until ratifications have been exchanged.

BONUS FOR NEW GOLD IS ISSUE.

Nevada Senator Leads Fight for McFadden Bill.

Declares Monetary Standard of World Jeopardized.

Replies to Secretary Mellon, Who Opposed Plan.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Oct. 20.—In a series of letters now passing between Secretary Mellon of the Treasury Department and a group of twenty western Senators, representing gold mining States, the boundaries of what may become a great political issue are being defined.

Senator Odell and his associates maintain that the present gold policy of this government is the same as that of the previous administration, if continued much longer it will jeopardize the gold monetary standard not only of the United States but of other nations.

The exchange of letters between the Secretary of the Treasury and the Senators representing gold mining States began in an effort by the Senators to enlist the aid of the administration in the passage of what is known as the McFadden bill now pending in the House.

GOLD BONUS BOUGHT. This measure proposes that the government shall buy gold on every ounce of new gold mined in the United States or its possessions, and likewise shall impose a penalty on every ounce of gold used in the United States in the arts and industries.

The bill is that by reason of high cost of mining operations, many gold mines have been abandoned, and the production of gold has reached a dangerously low ebb.

But the debate is now taking a wider scope, for the bill actually touches the monetary standard of the world.

Recently Secretary Mellon replied to the letter of the Senators, indicating his opposition to any legislation such as proposed. He said that the bill would be a disaster to the gold standard.

He said that the bill would be a disaster to the gold standard, and that it would be a disaster to the gold standard.

He said that the bill would be a disaster to the gold standard, and that it would be a disaster to the gold standard.

He said that the bill would be a disaster to the gold standard, and that it would be a disaster to the gold standard.

He said that the bill would be a disaster to the gold standard, and that it would be a disaster to the gold standard.

He said that the bill would be a disaster to the gold standard, and that it would be a disaster to the gold standard.

He said that the bill would be a disaster to the gold standard, and that it would be a disaster to the gold standard.

He said that the bill would be a disaster to the gold standard, and that it would be a disaster to the gold standard.

He said that the bill would be a disaster to the gold standard, and that it would be a disaster to the gold standard.

"INDIAN HOCH" SAVED BY OWEN.

Senate Strikes Out Clause in House Bill and Red Man Gets Reprieve.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Oct. 20.—Payote, sometimes called "Indian hoch," one of the survivors of the family of John Barter, was saved, at least temporarily, by the American Indian today by the Senate.

A plea by Senator Owen, Democrat, Oklahoma, in whose veins there is Indian blood, caused the Senate to strike from a House bill a provision authorizing the Bureau of Indian Affairs to purchase of Indian property.

Senator Owen told the Senate that it was in Indian religious ceremonies.

SENATE STRIKES OUT CLAUSE IN HOUSE BILL AND RED MAN GETS REPRIEVE.

POPE WRITES KING TO HELP IRELAND.

MESSAGE EXPRESSING HOPE FOR END OF LONG CONTOVERSY.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, Oct. 20.—Communications have been exchanged between Pope Benedict and King George on the subject of the Irish peace negotiations.

The Pope's telegram said: "We rejoice in the resumption of the Anglo-Irish negotiations and pray to the Lord with all our hearts for the success of the negotiations."

"I have received the message of Your Holiness with much pleasure, and with all my heart I join in your prayer that the conference now sitting in London may achieve a permanent settlement of the Irish question."

The official Irish statement studying the voluminous document to determine its effect upon their department.

While no official information was forthcoming, it was reported that the matter would be brought before the State Supreme Court at once.

Judge Coffey set November 3 as the date for hearing on the motion to make the injunction permanent.

The bank at Jamestown, Gov. J. F. Frazier and other officials of the State were under injunction not to receive deposits of public or private funds in the bank under the terms of a temporary order issued yesterday by Judge J. A. Coffey in Stutsman county district court, and served on the Governor late last night.

The injunction was issued on a petition of a number of taxpayers, and was based on a statement by officials of the bank, asserting that State bonds totaling \$4,100,000 had been sold, of which a large part would be available for farm loans and to take up advances to other State projects, the State four mill and six mill bonds.

The order declares the bank of North Dakota is insolvent and prohibits everyone connected with the bank from interfering with any person the court may appoint to take charge.

MEMBERS OF CABINET ATTACKED IN FRANCE.

PREMIER IS CRITICIZED ON DOMESTIC AND FOREIGN RELATIONS.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, Oct. 20.—Attacks on the French Cabinet continued with vigor today in the Chamber of Deputies when Deputy Mandel, former Premier Clemenceau's confidential political representative, attacked Premier Briand on all domestic and foreign questions.

The opposition, finding difficulty in bringing about the necessary cohesion in opposing Premier Briand's policies, disbanded forces, while the Right Wing, composed mostly of followers of M. Clemenceau, criticized the Cabinet for failure to use military force in compelling Germany to fulfill her reparations obligations.

The Left Wing criticized the Premier for failure to use military force in compelling Germany to fulfill her reparations obligations.

Bran Will Free Your Entire Family from Constipation!

NIGHT MILLION PEOPLE were admitted to the hospitals of America last year. Nine-tenths of the sickness can be traced to constipation. If every man, woman and child would eat Kellogg's Bran, cooked and crumbled, each day, nine-tenths of all sickness would be eliminated. Do you realize, then, what Kellogg's Bran will mean to every member of your family?

Kellogg's Bran, cooked and crumbled, is not a "remedy." It is nature's health food. Bran acts as a sweeper, at the same time cleansing and purifying the system, and is a most comfortable and pleasant way to get rid of constipation. It is a food, not a "remedy." Your physician will tell you that the desirable way to relieve constipation is through food. We guarantee Kellogg's Bran will relieve constipation permanently if it is eaten regularly! When Kellogg's Bran is eaten regularly it will clear up a simply complexion and sweeten the breath. And Kellogg's Bran, cooked and crumbled, is deliciously good! Kellogg's has an appetizing nutlike flavor, is crisp and adds zest to any food with which it is eaten. Or it's just fine to eat as a cereal! Or sprinkle it over your favorite cereal! Kellogg's Bran is used in muffins, raisin bread, macarons, pancakes and in a hundred other palatable ways—and all the time building health! Start the children eating Kellogg's Bran. It will act as a stimulant to growth and build up strong bodies. Put Kellogg's Bran to work for your family tomorrow morning!—Advertisement.

NEW YORK STOCK EXCHANGE.

(BY A. P. NIGHT WIRE)

NEW YORK, Oct. 20.—The stock market was firm to strong during much of today's session. Developments in the railroad and general industrial situation prompted further

retirement of short contracts. Bears became more cautious because of the punishment meted out to them in the sharp recoveries of Pullman and American Sugar preferred on contradiction of unfounded rumors.

Intimations from well-informed sources that rate reductions on foodstuffs and other commodities would precede any cut in railroad wages indicated active measures were being taken to avert the threatened strike.

Transportations held their gains of the last few days, and in several instances were augmented by the cheaper rails, as well as equities, but still reflected the poor statement of the Republic Iron and

Steel Company. Food shares were strongest of the specialties, almost every issue in that division being stimulated by the improvement in sugar.

Aside from General Asphalt, the strongest feature of the final hour, oil showed no different trend, Mexican Petroleum occasionally giving way to pressure. Domestic oil, however, continued to harden on higher prices for crude products. Sales, 425,000 shares.

Most of the day's call loans were placed at 4 per cent on the exchange and as low as 3 1/2 per cent in the open market. British rates were at their highest for the current movement and continental quotations strengthened.

Bonds were relatively dull, but there were few exceptions in the domestic and foreign divisions to the higher trend of prices, convertible rails again leading. Total sales, par value, \$13,850,000.

STOCK QUOTATIONS
IN NEW YORK CITY.

(Published by Leggett & Ryan, Members New York and Boston Stock Exchanges, 60 Wall Street, New York.)

NEW YORK, Oct. 20.—Following are the closing prices, bids, asks, and high and low quotations today:

GLORY FADES, TOWN IS DEAD.

"Center of Population" is Fleeting Name.

Whitehall Celebrated, but Found Mistake.

Blacksmith Can't See Any Benefit in Location.

(BY A. P. DAY WIRE.)
BLOOMINGDALE (Ind.) Oct. 20.—Nowhere is a return to normalcy more evident than in Southern Indiana, at the center of population of the United States. The old familiar "House For Rent" sign is hanging out, and at Ben Ranard's blacksmith shop, the Hoosier villagers are whittling on boxes and speculating on whether or not the earth is round, just as they did before the war.

It will be a long time before they quit talking about the great day when they held a celebration and dedicated to their little village of Whitehall, a ten-foot wooden monument, set up on the main road, bearing the proud inscription, "Center of Population, U.S.A.—1920."

But their first flush of excitement and pride suddenly changed to lament and disgust when Prof. W. A. Cogshall, Indiana University astronomer, came out to Owen county, and after a few nights of star gazing, as the natives called it, determined from astronomical calculations that an old beech tree in a hillside briar patch on Russell Road, two and one-half miles west of Whitehall and eleven miles from Bloomington, seat of Indiana University, and former center of population, was the new hub of the nation.

From that day to this the natives have had no interest in their sudden leap into the national limelight. Oliver Ranard, who lives within 200 yards of the old beech tree, has moved out. He served notice that the center of population is no place for the rent profiteer by moving two miles down the road, where he gets a barn, garden and pasture free. There, within 100 yards of the center of population, the five-room bungalow he formerly occupied stands, wanting a renter at \$5 per month.

MANY ADVANTAGE.
Garden, orchard, pasture, heavily laden walnut trees in the front yard, a big persimmon patch down the road, paw paws, squirrels within gunshot, fish in Little Raccoon Creek, nearly two miles from where a white lightning still was raised recently by government agents and with a church only a quarter of a mile away—house, barn and all for \$5 a month, but not a cent more. The housing situation is not a problem at the center of population.

Ben Ranard has been urged to open up a cold drink stand in connection with his blacksmith shop, which is the nearest business establishment to the population here. He serves as a free information bureau for seekers after the center of population, and sympathetically, well minded travelers have pointed out to him that his pop stand would be strategically located for national trade from north, south, east and west. But Ben insists that the 1920 census can bring of good to the people of Owen county, Indiana, until they take the center of population away from that cornered old beech tree and put it back at Whitehall, where it would be convenient and where it ought, to have been left in the first place.

POISONED CANDY CASE BRINGS FOUR ARRESTS.

TWO FORMERLY ATTENTIVE TO STUBBORN NURSE AMONG QUARTER TAKEN.

(EXCLUSIVE DISPATCH.)
CHICAGO, Oct. 19.—Four arrests were made tonight in connection with the box of poisoned candy sent Tuesday afternoon to nurses at the West End Hospital. One of the four prisoners is named Zimmerman, one of two brothers who have been in the past attentive to Helen Rosenfeld, the nurse to whom the candy was addressed. The identity of the other three was not disclosed.

Simultaneously investigators discovered that on other occasions attempts had been made to kill members of the hospital staff. On March 4 this year an Italian, who gave his name as Bonetti, entered the hospital with a suitcase in his hand. He endeavored to attack Dr. Benjamin H. Breakstone, chief surgeon. Dr. Breakstone's assistant, Bonetti's attack followed a Caesarean operation on Bonetti's wife; the woman dying later from infection incurred.

Warren's police, beginning their investigation of the case found that the wrapper in which the box was inclosed and much of the poisoned candy, had been taken into the Federal officials for investigation. This hindered their efforts in solving the case, they said. Miss Rosenfeld and Miss Theresa, the two nurses, and they expect to return to work tomorrow.

JOHN HAYS HAMMOND DECRIES WAR TALK.

DECLARES FINANCIERS AND BUSINESS MEN OF JAPAN OPPOSED TO CONFLICT.

(BY CABLE AND ASSOCIATED PRESS.)
HONOLULU (T. H.) Oct. 20.—John Hays Hammond, mining engineer, arrived from Japan today suffering from an attack of pneumonia, contracted during a three months' tour of Japan. Mr. Hammond's condition is not serious, although he is confined to his stateroom. He is expected to return to the mainland tomorrow.

That the business men and financiers of Japan are sincere in their expression of desire to maintain peace in the Pacific, was the opinion expressed by the American mining expert. He pointed out, as an argument in support of this conclusion, that the United States buys four times the amount of goods from Japan purchased by the remainder of the world.

"The military element in Japan still must be considered," Mr. Hammond said, "but it adherents are amenable to reason, especially owing to the accomplishments of the United States in the World War."

NORTH FORK LOCATION DECIDED ON FOR ROAD.

OROVILLE - QUINCY LATERAL ARGUMENT SETTLED BY COMMISSION VOTE.

(BY A. P. NIGHT WIRE.)
SACRAMENTO, Oct. 20.—By a vote of 2 to 1 the State Highway Commission today decided to route the Oroville-Quincy lateral by the north fork of the Feather River, and thereby brought to a close a long and bitter controversy between residents of Butte and Plumas counties over the location of the highway.

Commissioners Newell Darlington of Los Angeles and Charles A. Whitmore of Visalia voted in favor of the route chosen, while Commissioner George C. Mansfield of Oroville voted against the north fork location. It has been understood for some time that Mansfield favored the so-called middle fork road in preference to two other routes proposed.

Estimates made some time ago by engineers placed the cost of building the lateral up the north fork canyon, which is the location of the Western Pacific Railroad, at more than \$4,000,000, but this was of the basis of a sixteen-foot road. Since then, with falling costs in the labor and material markets, it has been estimated that a narrower, but serviceable road could be built for considerably less money.

BANDITS IN BATTLE WITH OMAHA POLICE.

ONE KILLED, THREE WOUNDED WHEN OFFICERS MEET ROBBERS.

(BY A. P. DAY WIRE.)
OMAHA, Oct. 20.—One man was shot to death, two others were killed and a fourth was severely wounded in an encounter between bandits and Sheriff's posse, ten miles southwest of Osceola, Iowa, yesterday, after the bandits had looted the postoffice and three stores at Columbia, Iowa.

The dead: Charles Jones, farmer. Wounded: Dr. I. W. Fuller, veterinarian; Murray, Iowa; E. E. Eden, auctioneer, Murray, Iowa; and John Miller, farmer. Police have sent out notice to look for members of an alleged Canadian booze-running gang in connection with the robbery and shooting.

BANK ROBBERS GET \$30,000 IN CANADA.

(BY A. P. DAY WIRE.)
MOOSE JAW (Sask.) Oct. 20.—Approximately \$30,000 was the loot obtained by a bandit who held up an express messenger on a Canadian Pacific train yesterday, officials of the Dominion Express Company announced tonight.

NATIONAL GUARD'S ENCAMPMENT OFF.

(BY CABLE AND ASSOCIATED PRESS.)
HONOLULU (T. H.) Oct. 20.—Shortage of labor in the Hawaiian Islands has led to a War Department decision to postpone the annual encampment of the National Guard of Hawaii, according to orders received from Washington by Col. W. D. Potter, Adjutant-General of the territory.

Col. Potter, in making this announcement, said that he had placed the labor situation of the islands before the War Department, pointing out that harvesting and grinding of the sugar cane crop would have to be delayed at a loss to the plantation owners if the encampment were held as usual, because many members of the guard are employed in the fields. He also said that he had informed the department that the annual maneuvers of the organization would force several mills to close down.

FORMER POLICE CHIEF FACES BERLIN TRIAL.

(BY CABLE AND ASSOCIATED PRESS.)
BERLIN, Oct. 20.—Trial of former Chief of Police Von Jagow, Baron Von Waseghelm and others of the participants in the Kapp revolution, fixed for October 22, has been postponed owing to offers of surrender made by Col. Bauer, Capt. Ehrhardt, Maj. Pabst, and Herr Schuttner, the writer, for whom warrants charging them with being leaders of the revolution have been out for some time. The defendants are to be granted safe conducts un-

der conditions and all will be tried together. The American Legion will devote the opening day of its national convention, October 21, to addresses by its national officers and distinguished guests and to a memorial service for the late Col. F. W. Galbraith, Jr., former national commander of the Legion. It was announced today.

MEMORIAL SERVICE FOR COL. GALBRAITH.

(BY A. P. NIGHT WIRE.)
KANSAS CITY (Mo.) Oct. 19.—The American Legion will devote the opening day of its national convention, October 21, to addresses by its national officers and distinguished guests and to a memorial service for the late Col. F. W. Galbraith, Jr., former national commander of the Legion. It was announced today.

HUNDREDS IN DESPERATE BATTLE TO CHECK FIRES.

Party of Fighters Cut Off by the Spreading Flames in Malibu; Montecito Homes in Peril.

Stubbornly resisting the efforts of several hundred men, forest fires in the Trancas Canyon region late last night had reached serious proportions that County Forester Flintham and Assistant Fire Warden Turner hurriedly departed from Los Angeles to direct the fight in person. Instructions were left at the local forestry office to rush an additional force of men to the fire early this morning. Meanwhile, reports indicated that the flames are sweeping the Malibu Mountains, and ranches and hill resorts in their path are threatened.

"PAVING TRUST" LOBBY WAR ON.

Property Owners to Fight Lyons-Street Work.

Opening Gun in Battle Upon Backstairs "Influence."

Vest-Pocket Government is Laid to Promoters.

The first drive against the so-called "paving trust" lobby at the City Hall was started yesterday, when W. R. Lawson, manager of the Industrial Development and Land Company, which has extensive property holdings in the north part of the city, announced that he will file at once a majority property owners' petition protesting against the paving of Lyons street, a "stub end" highway. Proceedings have been started to pave this street with seven-inch concrete, a superheavy pavement designed only for main-traveled truck highways, and requiring enormous quantities of paving material.

Proceedings have been started to pave this street with seven-inch concrete, a superheavy pavement designed only for main-traveled truck highways, and requiring enormous quantities of paving material.

The first drive against the so-called "paving trust" lobby at the City Hall was started yesterday, when W. R. Lawson, manager of the Industrial Development and Land Company, which has extensive property holdings in the north part of the city, announced that he will file at once a majority property owners' petition protesting against the paving of Lyons street, a "stub end" highway. Proceedings have been started to pave this street with seven-inch concrete, a superheavy pavement designed only for main-traveled truck highways, and requiring enormous quantities of paving material.

WALKS OUT OF JAIL BY BOLD RUSE.

Prisoner Dons Clothes of Other and Wins Freedom; Tunt Two Fugitives.

As a result of what is called a clever bit of acting, Clem B. Peeler, accused of assault with a deadly weapon upon Franklin Delaney, walked out of the County Jail in Los Angeles yesterday afternoon, and escaped. Peeler had a cellmate, R. F. Carter, who was serving ten days for speeding. Yesterday Carter's term expired and Peeler, attired, it was said, in Carter's suit, appeared at the jail desk. He said his name was Carter and that his term had expired. He answered questions put to him by Dan Critchley and was released.

HELD AS MASTER SWINDLER.

Charged with being the head of a nationwide whiskey ring as well as the author of a series of swindles who flooded Pennsylvania with more than \$100,000 worth of forged certificates for the withdrawal of whiskey from government warehouses, Dr. J. M. Gartman, a dentist of Reading, Pa., was arrested here yesterday afternoon by Police Detectives Roberts and Lloyd. Papers, notebooks and telegrams dealing, the officers say, with whiskey transactions and found in Gartman's rooms in a hotel and on Temple street and South Grand avenue were seized by the detectives and are held for evidence.

SAYS LURED, ROBBED.
Saying he had been lured to the end of a wharf in Los Angeles Harbor to purchase \$1246 worth of whiskey and there was held up, Walter Oates appeared as complaining witness yesterday in Justice Forbes's court against R. F. Wood, William Williams and Leonard Davis. The three were held to answer on a charge of robbery. Bail was fixed at \$2000 each.

Specific data regarding the conduct of Dist.-Atty. Woolwine's office will be forwarded to Atty.-Gen. Webb today by the county grand jury, it was stated yesterday. While members of the grand jury declined to comment upon the context of the letter, it was said it relates to matters not mentioned in the report of the public offices' committee to the grand jury. The communication to the Attorney-General will be sent directly to him, instead of through judges of the Superior Court, as previously.

INCORPORATIONS.
Hollywood Produce Company; incorporators, Frank Coniglio, Albert Robson and Louise Adler; capital stock, \$10,000; subscribed, \$300.

One set (Arm Chair, small Arm Chair to match and Settee) is covered in putty and orchid damask, trimmed in orchid friezeette. Davenport of various sizes have web bottoms and spring or down cushions. A Danger Signal—Tender and Bleeding Gums

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhea are dangerously diseased. For not only the teeth are affected, but Pyorrhea germs seep into the body, lower its vitality and cause many ills.

Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them.

Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhea away by using Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today.

Brush Your Teeth With Forhan's—How to Use It

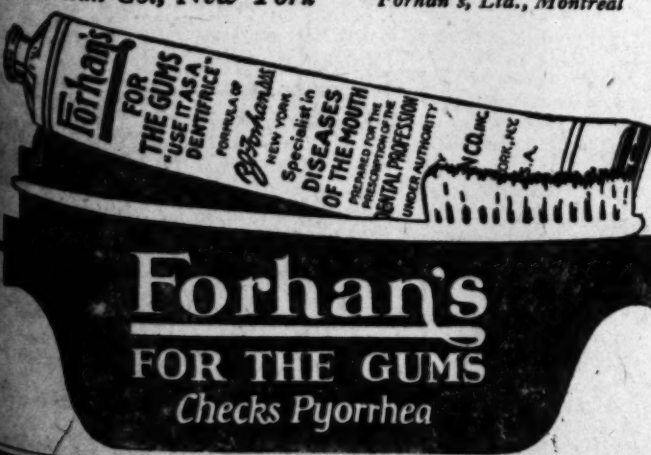

Use it twice daily, year in and year out. Wet your brush in cold water, place a half-inch of the refreshing, healing paste on it, then brush your teeth up and down. Use a rolling motion to clean the crevices. Brush the grinding and back surfaces of the teeth. Massage your gums with your Forhan-coated brush—gently at first until the gums harden, then more vigorously. If the gums are very tender, massage with the finger, instead of the brush. If gum shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

CINEMA CENSOR BATTLE TODAY.

Council Scheduled to Take Up Proposed Ordinance.

Arguments and Protests to be Heard Before Voting.

Thousand Business Men Ask Defeat of Plan.

The final battle over proposed municipal motion-picture censorship is scheduled to open at 10:15 a.m. today before the City Council, when the ordinance creating a Motion Picture Commission of seven members will be called up for action. Arguments will be heard, and thirty-four resolutions from the Chamber of Commerce, Realty Board and other organizations and individuals protesting against censorship will be read before the vote is taken.

President Crawlwell of the Council, who is acting Mayor during the absence of Mayor Cryer, will not preside, and the first action of the Council tomorrow will be the selection of a presiding officer. President Crawlwell is opposed to the present proposed ordinance and would doubtless vote against it, were he in the Council at the time the vote is taken. It is expected, however, that there will be sufficient votes to defeat the measure, as six votes are necessary to pass it. The censorship forces will be led by Rev. Gustav A. Bringle, president of the Ministerial Union, while representatives of leading commercial and civic organizations will oppose it.

BUSINESS MEN PROTEST.
Among the recent protests against censorship which have arrived at the City Hall is the following taxpayers' protest signed by 1000 leading business men of the city, headed by William May Garland:

"We the undersigned taxpayers, property owners and business men vitally interested in the development, growth and prosperity of the city of Los Angeles, hereby protest against the passage by your honorable body of the proposed censorship ordinance reported by your Public Welfare Committee, or of any other like measure, which will tend to interfere unduly with the manufacture of motion pictures in this city.

"We are of the opinion that any such measure would unduly hamper this important Los Angeles industry and would place such an onerous burden upon it as to affect the welfare of the entire city through loss of income and added taxation.

"We are satisfied that our present penal laws are ample to protect this city from immoral exhibitions of any description, and believe that the regularly constituted authorities are doing their full duty in suppressing such exhibitions."

RAPS CENSORSHIP.
In reply to the argument of the censorship advocates that the welfare of the children requires that all motion pictures shown in Los Angeles be previewed and authorized by a board of censors, the Juvenile Protective Association of Los Angeles county has forwarded the following protest:

"At the annual open meeting of the Juvenile Protective Association of Los Angeles county, held Oct. 12, 1921, a motion was made and carried that it was the sense of the meeting that this organization is opposed to censorship of motion pictures.

"We believe that the experience of the very able Board of Censors which began to serve in 1911 so far toward proving the final inadequacy of censorship, and the desired results will be better gained by co-operation with the city officials, especially with the City Prosecuting Attorney, in the enforcement of the law, and by co-operation with the police for the removal of motion picture industry itself.

OPTIMISTS AGAINST IT.
"With keenest realization of the need for improvement in the pictures, we feel that the good effects of censorship would be, at most, only temporary, and that its results would continue to grow long after it has ceased to be efficient."

The Optimists' Club has also adopted resolutions protesting against censorship.

The Woman's Club of Hollywood yesterday sent a communication to the City Council asking that two policewomen be detailed to that district on account of the fact that a number of young girls, many of them juveniles, are employed in the motion picture studios. The request was referred to the Board of Police Commissioners.

ALL-YEAR FUND GETS NEW BOOST

Cash and Pledges Added to Money for Advertising the Southland.

The advertising fund of the All-Year Club of Southern California took a big jump yesterday with the receipt of subscriptions from the Los Angeles Clearinghouse Association, the Rodeo Land and Water Company, the I. N. Van Nuy Building Company, O. T. Johnson Corporation, Shell Company of California and the Ansonia Apartments.

There was also a check doubling the original subscription made by the General Electric Company.

The subscription of the Clearinghouse Association was in the form of a \$5000 cash contribution, made up by all the member banks of the association. It was given for this year's campaign of the All-Year Club, and it is understood that a larger amount will be contributed next year, proportionate to the increase of the club's fund as a whole.

All of the other contributions related yesterday, with the exception of that by the Shell Company, which was a cash contribution, were pledges for three years. They were turned in by D. H. Jones of the All-Year Club's executive committee. With the pledges of the General Electric Company and the I. N. Van Nuy Building Company, there was word that J. B. Van Nuy, R. O. Johnson will seek to bring to the club's support all the city's business property owners.

In connection with forwarding the additional subscription of the General Electric Company, C. C. Walton, who secured the increase, stated that he is making similar efforts to bring about a more general support of all the members of the Electric Club of Los Angeles for the all-year movement.

100 Strikingly Smart Suits In A Special Sale Today!

—The tailored suit is claiming its share of attention this season and this lot of one hundred will set folks talking!

—They are variously priced and every one means a worth-while saving!

GRANTS OPTION TO OUTFITTERS.

Hooker Estate Open to Deal With Local Company.

Eastern to Build New Home at Ninth, Broadway.

Eight-Story Structure Plan to Cost Million Dollars.

An option, it is understood, has been given by the Hooker estate on the property on the northwest corner of Ninth street and Broadway to the Eastern Outfitter Company, and tentative plans have been prepared for the erection on this site of a modern eight-story, class A building. The project is one of several important improvements that have made or projected recently in the vicinity.

Adolf Sieroty, president of the company, yesterday confirmed the report that plans were being considered for a new home for the company.

It is understood that the building will be located on the Eastern Outfitter Company and by the Columbia Outfitter Company, which is located on the Athletic Club Building at Seventh and Olive streets.

The main offices of the Eastern Outfitter Company are at 620-628 South Main street.

The property represents an investment of more than \$1,000,000.

HEAD OF CITIZENS' POLICE APPOINTED.

GUS SCHUMACHER, HOLLYWOOD PROPERTY OWNER, WILL DIRECT BODY.

The board of directors of the Citizens' Police last night named Gus Schumacher of Hollywood its president. Mr. Schumacher, who owns much property in the city, is enthusiastic over the new police body.

Charles H. de Lacour of the board of directors and organizer of the Citizens' Police, said last night that half the blocks in the city have been organized under the system designed to aid the police in the prevention of felonies and the apprehension of felons.

The work of organization has been so extensive that it is complete. It funds are needed, Mr. de Lacour said, and the public is asked to send small donations to the headquarters, 140 S. Fernando Boulevard.

These funds will be used for office expenses, the Citizens' Police calls and organization of the remaining blocks in the city.

FAMOUS MEN ARRIVE.

Col. C. W. Furlong, Explorer, and Sir Alfred Butt, Actor, Here.

Two distinguished visitors arrived yesterday and are being entertained at local clubs. Col. Charles Wellington Furlong, explorer and artist, was the first of the American mission under Woodrow Wilson to negotiate peace at Paris. He is the author of several books on explorations, having accompanied a number of notable expeditions into out-of-the-way parts of the world. He is 48 years of age.

Sir Alfred Butt, popular vaudeville actor of England, is at the Los Angeles Athletic Club and was shown the city and environs yesterday by C. C. Magenheim and E. J. Miles.

CANTU GUEST SUITS.

Unpublished facts regarding investigation made by R. F. Del Valle, while on a special mission for former President Wilson, shortly before the entrance into the World War, are expected to be divulged tomorrow.

Mr. Del Valle, former president and now a member of the Board of Public Service Commissioners, is the subject of a "What of Mexico?" and it is understood he will reveal the purpose of his mission to the board of Mr. Wilson. Although the Del Valle family has lived in the United States and have been American citizens for many years, he is well versed in Mexican affairs.

TO TELL OF MEXICAN MISSION FOR WILSON.

Unpublished facts regarding investigation made by R. F. Del Valle, while on a special mission for former President Wilson, shortly before the entrance into the World War, are expected to be divulged tomorrow.

Mr. Del Valle, former president and now a member of the Board of Public Service Commissioners, is the subject of a "What of Mexico?" and it is understood he will reveal the purpose of his mission to the board of Mr. Wilson. Although the Del Valle family has lived in the United States and have been American citizens for many years, he is well versed in Mexican affairs.

WOULD LET FUNERALS PASS STANDING CARS.

The Public Safety Committee of the City Council has been petitioned to alter the traffic ordinance so that a funeral procession may pass a standing street car. The proposal comes from Raymond S. Malburg, manager of Godeau & Martini, funeral directors.

It is pointed out that since hearses and automobiles bearing mourners must comply with the regulations, funeral processions often are separated when a car stops after the hearse has passed, but while the mourners' automobiles are still in the rear of the street car. Mr. Malburg suggests that the ordinance be amended so as to permit funerals to pass a standing car if the speed of the vehicles is no greater than ten miles an hour and if both sides of the vehicles bear signs displaying the word "funeral."

TO HEAR WATER SUIT.

Judge Stephens Goes to Visalia for Retrial of Kaweah Delta Action.

Judge Stephens, who left for Visalia last night, will today begin an inspection of the various phases of the suit which he has to try of property owners in the Kaweah Delta, including ditch companies, against the Strathmore-Lindsey Irrigation District.

The plaintiffs are trying to restrain the defendants from taking water out of the subterranean flow of the Kaweah River.

The suit, the first trial of which occupied nearly a year, has come back for retrial.

Judge Stephens was accompanied by the lawyers employed in the case.

RAIM FOR INJURIES.

Edward Beltinger was yesterday awarded \$2000 by a jury in Judge Monroe's court in a suit against James F. Casey. Beltinger charged that he was injured by a motorcycle on San Fernando Boulevard last February when he was struck by an automobile driven by Mr. Casey.

DENIALS IN RINDGE CASE.

(Continued from First Page.)

tabish that the Supervisors knew of the temporary injunction granted by Judge Trippel on the evening of October 12, prohibiting the county of Los Angeles from opening the road through the ranch at the time they had arranged for the opening of the thoroughfare, and that the county authorities had violated the order of the court on account of such previous knowledge, met with failure.

County Counsel Hill testified that he had been informed that night that there was something doing by the Rindge interests in relation to the opening of the road, but had no knowledge of just what it was. When he called a meeting of the Board of Supervisors the next morning to take action in relation to the opening, neither he nor the members

of the board knew anything about the temporary injunction, he stated. The object of the Board of Supervisors had not been guilty of contempt of court in going ahead with the arrangements for the opening, after a temporary injunction had been issued out of the Federal court.

Deeds from Mrs. May K. Rindge to the Marblehead Land Company, recorded July 26, 1911, from the Rindge Company to the Marblehead Land Company, covering holdings in Ventura county, dated July 19, 1921, were offered in evidence; also a certified copy of the articles of incorporation of the Marblehead Land Company, of date July 19, 1921, signed by the Secretary of the State of California, were offered.

CHINA ASKS COTTON OF CALIFORNIA

Shanghai Merchant Says Orientals Want Cloth Made of Better Material.

California and Arizona cotton, because of its unusual qualities, is supplying the Chinese market with oriental fibers in the Far East, according to a statement made yesterday by R. Spunt, member of the firm of J. Spunt & Co., of Los Angeles, the largest cotton concern in the Orient, who is at the Ambassador Hotel.

According to Spunt, Chinese merchants are demanding better goods than they have been getting from the United States, and cotton is being imported from the United States to make up for the local shortage.

Mr. Spunt said 150,000 bales of American cotton were imported by millers in China last year. This year the importations may be great, due to the partial failure of the Chinese crop.

Mr. Spunt said he has been in this country several weeks visiting the company's offices in New York. He left yesterday for Shanghai, where he will stay until November 5 on the Golden State for Shanghai.

Sheriff to Get Fast Auto for Night Service.

The Board of Supervisors yesterday authorized the purchase of a new night automobile for Sheriff Traeger. This will be a fast car for quick service. Mechanical Engineer Davidson will draw up the specifications.

The Sheriff also asked for additional help in his office. This includes one book-keeper, one process server, one messenger, one clerk, one transportation clerk, eight criminal deputies and one recruit. The Sheriff was referred to Supervisor Woodlee.

The proposition of Sheriff Traeger for a new night automobile and others who best their way into the city on freight trains was referred to the Board of Public Service Commissioners. It is understood that the defendants assert they have not received an accounting from their various agents. Leon Fankovich is counsel for the plaintiff corporation.

SUES FOR ACCOUNTING BY CINEMA COMPANY.

The A. L. Hart Productions, Inc., filed suit against the Special Productions Corporation yesterday, asking for an accounting under a contract to produce certain cinema pictures.

The suit was filed by Mr. Hart, defendant, and it is asserted that no accounting has been made. The suit was filed by Mr. Hart, defendant, and it is asserted that no accounting has been made.

STATE ROAD PLANS ARE PROTESTED.

Coast Highway Start in Populous Zone, Orange and Los Angeles County Goal.

Protests are piling up against the proposal of the State Highway Commission to begin construction of the Coast highway between the mouth of Santa Monica Canyon and the south boundary of the Malibu Ranch.

"The more strenuous objection to the State's program is being made in Los Angeles and Orange counties, which are preparing to join forces in an effort to persuade the board to begin construction in a section where there are no adequate roads and where a dense population is to be served," says the Automobile Club of Southern California.

"The route of the coast trunk line passes through the more populous sections of these counties. There is no adequate coast road south of Long Beach. Beginning of the work between Seal Beach and Serra would provide a road that is needed by a large number of persons and would not interrupt traffic to the extent that operations in the Malibu district would." It also would furnish needed relief of traffic congestion along the present routes of travel to San Diego.

"The State Highway Commission is beginning construction of the coast trunk line, a road which passes through a district that is thinly populated."

"The promise of the State to build trunk lines, an essential highway, is important of fulfillment, as it becomes more obvious that the funds available will be made to construct all the roads projected."

What Club, Society, Professional and Home Women Are Doing in Many Southland

ATTACKS POWER PLANS OF CITY.

Club Speaker Tells Folly of Boulder Dam Scheme.

Urges Government Control of Mammoth Project.

Women Go on Record in Favor of Film Regulation.

BY MYRA NYE.

Mrs. Walter Van Valkenburg won the unanimous approval of the current evening session of the Wednesday Morning Club when she spoke against the development of power at Boulder Canyon as a Los Angeles municipal undertaking.

So well arranged and forcibly presented were her arguments that the audience without exception was won to her point of view although many of the hearers admitted that in the beginning they had regarded this task as the logical enterprise of the city.

Mrs. Van Valkenburg emphasized the point that if the city assumes control, the citizens thereby register their distrust of both the Federal government and the President of the United States, who has spoken strongly for Federal control of the water power of the Colorado River.

MORE VITAL NEEDS. She declared that the bond money which the Public Power League proposes to use for this purpose is more urgently needed for other public works for which the city has already obligated itself; that the ultimate cost of such a work would tax the people of Los Angeles the huge sum of \$175,000,000 even though they might be asked to vote bonds for only \$10,000,000; that the correct completion of Los Angeles Harbor demands sums of money which should not be diverted to the Boulder dam project; that the aqueduct needs funds for a greater development of electrical energy; and that the fire department of the city is greatly hampered in its work by the lack of funds for the development of life and property by lack of funds.

Most of all the speaker emphasized the need of greater facilities for the education of the children of the city and for their proper care, saying that there is a dire need these sums of money should not be squandered upon the Colorado River when, as she said, the development is so obviously the duty of the Federal government or at least a group of States under the control of the United States government.

"We women," she said, "are apt to be carried away by faddish and propagandist who present theories which sound fine. The backers of the Boulder dam project may accuse us of being influenced by corporations, by trusts and by moneyed interests, but when we look at this matter fairly and squarely we are influenced by our common sense only when we oppose with all our power municipal ownership or control of this hydroelectric power."

URGE HANDS OFF. The question of women's representation at the disarmament conference in Washington came up for informal discussion. The sentiment was expressed that women have not been in public affairs long enough and are too ignorant of diplomacy, to take part in the conference.

"Our better part is to stay at home, all of us, and pray and hope and educate for world peace," said the leader of the section.

By a unanimous vote the club went on record as favoring film regulation. Mrs. Charles D. Holland, motion-picture chairman of the district, made the motion.

"This is a good first step toward better films and higher citizenship," declared Mrs. John C. Urquhart, president of the district, who was honor guest and speaker. A group of songs by Miss Helen Keller completed the program.

CHILDREN'S HOSPITAL. As though by magic the transmuting things of no value—old shoes, discarded newspapers, tin foil—into the untold value of sound, straight limbs, which are the basis of sound citizenship, changing waste into the richness of health, making the child to walk was the wonderful story told at the luncheon of the salvage department of the Children's Hospital at the Alexandria yesterday.

"The hospital has brought us as yet no fairy tale," said Dr. Guy Cockran, chief of staff. "But it possesses several real mothers who are even better," and he named Mrs. Albert Crutcher, who was presiding as toastmistress, and Mrs. Budd Frankendorf, who is chairman of the salvage department.

Dr. John W. Wilson of the staff of orthopedic surgery, spoke on the work of the department, which is almost wholly indebted to the salvage department for its existence. Of the 750 children cared for last year, only 154 were medical cases, the rest being surgical and orthopedic. Of the whole number, 71 per cent were charity cases.

As a beautiful object lesson and demonstration, Dr. Wilson lifted to the table three little children. There was little Mary, who, months ago, was brought to the hospital with the words, "She can never walk, do what you can for her." But she did walk. In the presence of the 250 sympathetic spectators, she left the doctor's arms and advanced upon the table.

Then there was fair-haired John with a crooked arm. Dr. Wilson assured the audience that he will leave the hospital soon, entirely straight and able to earn his living when he becomes a man.

The third child, who carried crutches because of hip disease, will walk alone soon.

As wonderful as has been the response throughout Southern California for this work in the recreation of children, the need for funds now is greater than ever.

FORTNIGHTLY ASSEMBLY. The Fortnightly Assembly, composed of the younger sisters and brothers of the Junior Cotillion, will give their next party of the little group on tonight at the Ebell clubhouse.

The officers and patronesses are the mothers of the children and include Mrs. Lawrence P. Burck, chairman; Mrs. Sydney I. Wallis, Mrs. Frank Ryde, Frank Gilliland, Mrs. Robert F. McKenney, Mrs. Erskine Pembroke Thoms, Mrs. Donald Frick, Mrs. Marshall Stinson, Mrs. William Navin, Mrs. Walter Lyle, Mrs. Ralph Cerf, Mrs. Benjamin Harwood, Mrs. Fowler Shankland and Mrs. May Stephens.

Fashion's Forecast

LADIES' AND MISSES' COMBINATION.

By joining a straight camisole to two-piece step-in drawers, as shown in this new pattern, one will have a very practical combination.

The ladies' and misses' combination is cut in sizes 16 years, 36, 40 and 44 inches bust measure. Size 36 requires 3 yards 34-inch material.

1077

terial, 54 yards edging and 1/2 yard 1 1/2 inch ribbon. Price 15 cents. The Fall and Winter issue of the Fashion Magazine is now ready. It contains over 300 styles, several dressmaking lessons, etc., and is undoubtedly a book which every woman who wants to dress well and wants to see her family well dressed should have. Price 10 cents a copy.

No patterns are kept in the Los Angeles office of The Times. To get patterns send the price, in stamps or well-wrapped coins, and the number and size of the patterns desired to this address:

FASHION DEPARTMENT, Los Angeles Times, 250 S. WELLS ST., CHICAGO, ILL.

All orders will be handled by this branch office in Chicago and in order to eliminate the delay in forwarding we have arranged to have orders sent direct to the Chicago office.

The patterns will all be special patterns—made for The Times.

TO HELP HARBOR.

Commerce Chamber Asks for More Federal Funds for Dredging.

The Chamber of Commerce has adopted a resolution asking that funds be granted by the government to dredge the main channel at Los Angeles Harbor. The board of directors of the chamber yesterday determined to ask for an increased appropriation in the rivers and harbors bill that has set aside \$10,000 for improvements at the harbor. The urgent need for more berthing space for naval and commercial use has been pointed out together with the rapid expansion of trade through the harbor in the past year.

WIDOW GETS ESTATE. Nettie E. Geobring was by the terms of her late husband's will, filed yesterday, made beneficiary of the estate of John George Geobring, who died October 6. A house at 426 West Santa Barbara avenue also was left to the widow.

Back From Motor Trip. Mrs. Albert Sherman Hoyt and her son-in-law and daughter, Mr. and Mrs. Le Roy Sanders, have returned from an extended motor trip through the Northwest. Mrs. Hoyt first visited Mr. and Mrs.

teaspoon salt. After putting this sauce on, bake in a slow oven till the apples are tender.

Rice Croquettes. Boil rice in salted water till tender. Drain and mix with butter and egg. Shape into croquettes and fry in oil.

Macaroni Ramekins. (Macaroni in the dinner menu takes the place of potatoes.) Put into the top of a double boiler 1 1/2 tablespoons of butter, and 2 tablespoons of flour; mix well and when smooth add 1 cup of milk and let cook until thickened. Add 5 tablespoons of grated or finely chopped cheese and 1 cup of boiled macaroni broken into short lengths. Remove from range as soon as the cheese is dissolved and season with salt and pepper to suit individual taste. Let cool, then stir in 3 well-beaten eggs and turn the mixture into small, buttered ramekins; place these ramekins in a large shallow pan containing enough hot water to come half way up the sides of the ramekins; and let bake in a moderate oven until set. Serve hot, either in the cups or the moulds. These are delicious.

New Baked Apples: Core 6 apples and stuff the center with a mixture of dry bread crumbs, brown sugar, cinnamon and bits of butter. Place these apples in shallow baking dish and pour over them the following hot sauce: Boil together for a minute 1 1/2 cups of water, 1 cup of dark brown sugar and 1-3

teaspoon salt. After putting this sauce on, bake in a slow oven till the apples are tender.

Rice Croquettes. Boil rice in salted water till tender. Drain and mix with butter and egg. Shape into croquettes and fry in oil.

SOCIETY.

BY VIRGINIA WOODS.

At Chrysanthemum Tea. Mrs. Hinman Clark of St. Louis was the motif for the tea at which Mrs. Charles C. Carpenter was hostess yesterday. The drawing rooms and dining-room were made into a garden of chrysanthemums shading from yellow to deep bronze shades.

A coterie of society matrons and maids assisted. There were 200 guests.

Going to New York. Mr. and Mrs. William Ellsworth Dunn left yesterday morning for an extended visit in New York.

For a Bride. Mrs. Jack Ruddle (Marion Bond), a bride of the summer, is to be honored today at a buffet luncheon at which Mrs. Charles Jeffers will entertain at the Ambassador Golf Club. Garden flowers will deck the table.

The guests are to be Miss Louise Francis of St. Louis; Mrs. Walter Devlin; Mrs. Charles M. O'Leary; Mrs. B. C. Scott; Mrs. Hugh Bass; Mrs. John Percival Hunt; Mrs. Howard Grace; Miss Clark; Mrs. Ralph Wells and Mrs. R. W. Ruddle. Before her marriage Mrs. Ruddle was a prominent young society woman of St. Louis. She is the daughter of the late Judge Bond of the Supreme Court of Missouri.

For Mrs. Eberle. Mrs. Harold B. Wrenn is arranging a luncheon for next Tuesday in honor of Mrs. Eberle, wife of Admiral Eberle, commander-in-chief of the Pacific Fleet. She will have eighteen guests.

Mrs. Harrison to Entertain. Mrs. William Preston Harrison is arranging a luncheon in honor of Mrs. Eberle, wife of Admiral Eberle, commander-in-chief of the Pacific Fleet. It is to be a large affair.

Mr. and Mrs. Harrison are to entertain a party Monday evening, October 21, to see "Rigoletto," the Italian film.

Bride and Groom. Mr. and Mrs. Lyle Babcock, whose marriage was an interesting event last spring in San Francisco, are in Los Angeles for a month and are temporarily domiciled at the Hotel Lankershim. They are en route to their home in the Bay City after an extended tour. They were entertained by friends at nearly every visit, including New York, Washington, Philadelphia, Chicago and Denver. Mrs. John Babcock formerly resided here and in Pasadena.

To Greet a Bride. To introduce Mrs. George Davidson, Jr., whose marriage to Dr. Davidson, rector of St. John's Cathedral, was an event of June in Pennsylvania, his mother, Mrs. George Davidson, and sister, Miss Celia Davidson, gave a tea yesterday afternoon for intimate friends and members of his congregation. Dr. and Mrs. Davidson have just returned from their honeymoon trip through Europe.

For Admiral and Mrs. Eberle. Admiral and Mrs. Eberle are to be honored guests at a small tea at which Mr. and Mrs. George S. Patton, Jr., and Mrs. Eberle will entertain on Saturday afternoon, October 29. They are inviting their relatives and their neighbors in Oak Knoll and San Marino.

For the past week Mrs. Patton's cousin, Mrs. Henry B. Post, has been visiting her. She is on her way to join her husband, Capt. Post at Camp Humphreys, Virginia. Tomorrow Mrs. Post will give a small luncheon at "The Peacock" in honor of Mrs. Eberle.

Admiral and Mrs. Eberle will be honored guests at a tea dance tomorrow afternoon at which Col. and Mrs. Charles Rivers Drake are to entertain several hundred prominent personages in naval and social circles at the Hotel Virginia, Long Beach.

Return North. Gov. and Mrs. Louis Hart of Washington returned yesterday to their home after a short visit at the Alexandria.

Back From Motor Trip. Mrs. Albert Sherman Hoyt and her son-in-law and daughter, Mr. and Mrs. Le Roy Sanders, have returned from an extended motor trip through the Northwest. Mrs. Hoyt first visited Mr. and Mrs.

teaspoon salt. After putting this sauce on, bake in a slow oven till the apples are tender.

Rice Croquettes. Boil rice in salted water till tender. Drain and mix with butter and egg. Shape into croquettes and fry in oil.

Queen of Sheba. Fox Trot. Ted Lewis and His Band.

Peggy O'Neil. Medley Waltz. Prince's Dance Orchestra.

The Last Waltz. Prince's Dance Orchestra.

Macaroni Ramekins. (Macaroni in the dinner menu takes the place of potatoes.) Put into the top of a double boiler 1 1/2 tablespoons of butter, and 2 tablespoons of flour; mix well and when smooth add 1 cup of milk and let cook until thickened. Add 5 tablespoons of grated or finely chopped cheese and 1 cup of boiled macaroni broken into short lengths. Remove from range as soon as the cheese is dissolved and season with salt and pepper to suit individual taste. Let cool, then stir in 3 well-beaten eggs and turn the mixture into small, buttered ramekins; place these ramekins in a large shallow pan containing enough hot water to come half way up the sides of the ramekins; and let bake in a moderate oven until set. Serve hot, either in the cups or the moulds. These are delicious.

New Baked Apples: Core 6 apples and stuff the center with a mixture of dry bread crumbs, brown sugar, cinnamon and bits of butter. Place these apples in shallow baking dish and pour over them the following hot sauce: Boil together for a minute 1 1/2 cups of water, 1 cup of dark brown sugar and 1-3

teaspoon salt. After putting this sauce on, bake in a slow oven till the apples are tender.

Rice Croquettes. Boil rice in salted water till tender. Drain and mix with butter and egg. Shape into croquettes and fry in oil.

STARTED MADALYNNE

These for Separate Arguments.
Will Give Decision on Point Tomorrow.
Amid So-Called Confession.

Bishop John L. Nuelson.

ON FAMINE CONDITIONS.

Methodist Welfare Commission Head Will Speak Today.
Bishop John L. Nuelson of Zurich, Switzerland, head of the Children's Welfare Commission for Central Europe of the Methodist Church, who is here as the guest of Rev. R. Zurbuchen, pastor of the First German Methodist Church, will speak on famine conditions overseas at the Gamut Club at 3 p.m. today. He will speak at 3 p.m. Sunday at a mass meeting in the Bible Institute auditorium on the same subject, and at 7:30 p.m. will occupy the pulpit of the First Methodist Church.

SONS OF AMERICA TO SEE HART SHOW.

Fifty-two Italian and Sicilian boys, members of the Sons of America, who named their branch of the organization "Bill Hart Camp," will attend the Hart photoplay, "Three-Word Brand," at Grauman's Rialto at 9 a.m. tomorrow morning. This is the first time a motion picture auditorium has been chosen as patron of the boys, who in the past named their camps for great Americans in history.

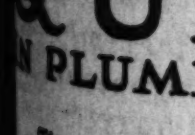

HERE ON LONG TRAMP.

Completing the half-way mark in his round trip from coast to coast, Joe Pelshin and S. Tracy Greene, World War veterans, arrived in Los Angeles yesterday, after walking cross-country from New York. Leaving New York in August, 1920, the two men, traveling with packs on their backs and bareheaded, have camped out while en route. They plan to go to Seattle and then back to New York. After being discharged from the Seventy-seventh Infantry, they served in the merchant marine and have traveled extensively in Europe.

ENTERTAINMENT.

Ladies Aid Society. Thursday, Oct. 20, 1921, at 8 p.m., at the Assembly Hall, 122 West 12th street, Tenth and 11th sts.

QUALITY PLUMBING EQUIPMENT

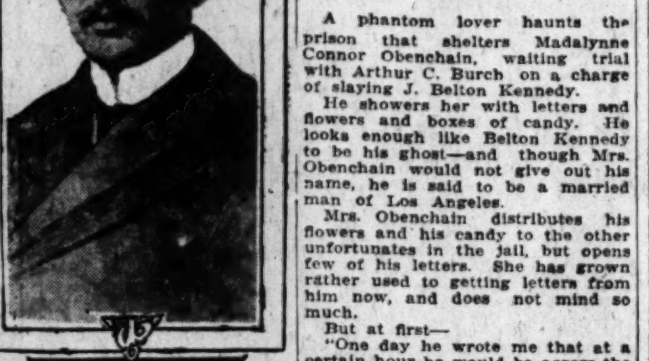

The Thomas Maddock Anchor trade mark on bathroom fixtures is an assurance that the QUALITY of the equipment which we recommend is backed by the oldest sanitary potteries in America. These fixtures are sanitariously correct in design, dependable in operation, trouble-proof in maintenance and durable in construction. Every fixture in this famous line will give a maximum of service in return for a minimum of care and attention.

"ONE O'CLOCK SATURDAYS" Bullocks' Bullock's Closes Saturday at One o'Clock Every Saturday Throughout the Year. Bullocks' "ONE O'CLOCK SATURDAYS"

Bullock's Annual Junior Girls' \$15.00 Coat Event—

—Demonstrating high quality in materials and workmanship in Junior Girls' Coats not ordinarily found at \$15.00

—The Preparation—the care in selection, and the determination to create unprecedented values in Girls' Coats at \$15—emphasize October 21st and 22nd as days of splendid opportunity in which to buy Girls' coats.

—Bullock's is sincere in saying—that every mother and every girl who buys a coat in this event will secure the Ultimate in Value it is possible for \$15 to afford.

Coats of Polo—of Bolivia—of Silvertone and of Velour In Navy—Copenhagen—Brown Tan—Oxblood and Reindeer

- Belted or Loose Fitting Models
- Straight Line Tailored Models
- Coats that are Fur Trimmed
- Coats with Full Flare Effects
- Coats with Set-in or Raglan Sleeves

—Coats to which clever touches have been added at pockets and cuffs.

—Coats whose sleeves are wide enough to comfortably admit of arms and dresses.

—Bullock's believes the coats in this Annual Event are the best coats at \$15 that have ever been assembled in Bullock's Junior Girls' Sections—Fourth Floor.

—Think of making your choice from over 200 girls' coats that have been carefully chosen with this one thought—to create greater coat values for Bullock's Annual Girls' \$15 Coat Event than \$15 has ever rarely afforded.

Girls' Felt Juliets, \$2.25

—Felt Juliets, with leather soles, in old rose, Alice blue and American Beauty; sizes 5 to 11 at \$2.25; 11½ to 2 at \$2.50.

Boys' Cavalier Boots, \$2.75

—With padded soles, in old rose with brown and ecru cuffs, or peacock blue with white cuffs, and a bird design; sizes 5 to 11 at \$2.75; sizes 11½ to 2 at \$3.00.

Children's and Misses' Comfys, \$1.75

—With padded soles, and colored pompons; several colors; sizes 5 to 11 at \$1.75; sizes 11½ to 2 at \$2.00.

Boys' Indian-Head Felt Moccasins \$2.25

—Felt Moccasins with an Indian Head design; brown and ecru; sizes 6 to 11 at \$2.25; sizes 11½ to 2 at \$2.50; sizes 2½ to 5½ at \$2.75.

Boys' Siesta Felt Slippers, \$2.50

—With plaid cuffs—in either brown with ecru, or wine with taupe. Sizes 11 to 13½ at \$2.50; sizes 1 to 5½ at \$2.75.

—Bullock's Fifth Floor Children's Shoe Store.

Girls' School Sweater, \$7.95

—Of wool zephyr, woven in fancy block weave. Convertible collars of soft alpaca wool in contrasting shades. Narrow cross belts. Pockets. Colors are turquoise and honeydew with white beige, or tomato with tan heather, peacock or Havana brown. Sizes 6 to 12 years, \$7.95. 14 to 16 years, \$8.75. Tams of Alpaca Wool to match sweaters, \$2.50. Fifth Floor.

Another Girls' Sweater \$4.95

—Another very popular model in Tuxedo style, made of French worsted in a fancy weave. Belt and Pockets. Good practical colors, including peacock, rose, cardinal, brown, tan and navy.

—Sizes 6 to 12 years \$4.95. 14 year size \$5.95. —Fifth Floor.

Without Charge—Cutting, Basting, Fitting

—From Thursday, Oct. 20, through Saturday, Oct. 22

—Women's Skirts will be cut, basted and fitted without charge from Thursday morning till Saturday at one o'clock, from any fancy woolen materials selected from Bullock's stock of novelty woolsens.

—Other styles, not included in this offer, will be cut, basted and fitted at greatly reduced prices.

—Steam pressing, also without charge during these three days.

—At Bullock's—Section of Silks and Woolens, Second Floor.

Boys' Overcoats Special at \$14.75

The People and Their Daily Troubles

Elizabeth Jordan's Column.

THOSE LAQUID COUPLES.

Dinner was being served in the dining-room of a great hotel in a popular autumn resort. Every table was filled. The sound of pleasant chatter and occasional laughter came from many tables where young people sat, but fully half the small tables in the room were occupied by couples who ate their dinner in absolute silence and between courses stared before them with unseeing eyes.

SILENT MATRIMONY.

Most of these couples were of the same type. They were middle-aged or verging toward middle age; they were overplump or verging toward overplumpness; they were obviously prosperous; most of the men seemed able to buy the hotel if they took a fancy to it; the women were expensively dressed and jeweled; both men and women appeared content with themselves and life in general—yet they preserved that strange silence.

"Married couples," said one member of our party, "every last pair of them. Now, why on earth don't they exchange an occasional remark?"

WHY THE GREAT SILENCE?

Various explanations were offered by the remaining members of our party, all of whom were talking to a degree that almost excluded the consumption of food. One member thought they had motored all day and were so much they simply could not speak between courses. With my usual frivolity I suggested that, being married couples, they had already told each other all they knew, and had grown weary of repeats.

"You can see they're contented," I pointed out. "And you know one of the strongest proofs of friendship is to feel that one is not obliged to talk to one's friend. Besides, they do speak sometimes. They point out that the soup or salad is good."

"But it looks simply awful," the youngest member chimed in, coldly ignoring this eloquent defense. She appealed to us all. "Now look at them! Don't they all look as if they loved their dinner but were bored to death by their companions?"

She turned to her fiancé, who sat at our table, and delivered an ultimatum which made him sit up suddenly.

FOUR SILENT JAMIES.

"If after we are married, Jamie," she said slowly, "you ever act like that once in a public dining-room, I will leave you forever the next day."

Jamie wiped his brow. He was very much in love and even yet was not wholly sure that he had won the temperamental young creature who wore his ring.

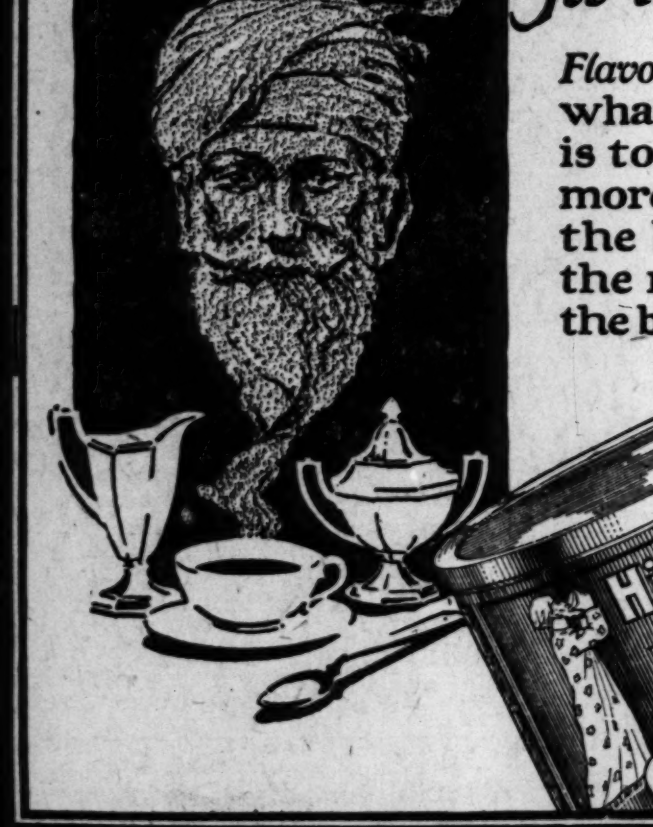

"If you're not particular about the quality of talk, I guess I can keep it up all right," he stammered. "But you know I'm not exactly chatty."

She looked at him appraisingly, almost gloomily. "I believe," she said in hollow tones, "that you are exactly the type that will sit at a table in a restaurant or two and look like these husbands."

"But suppose I can't think of anything to say," he wailed. He nudged me urgently. "Say something quick," he signaled.

POSSIBLE REMEDIES.

"You're borrowing trouble, Kitty," I said. "All Jamie needs to do is to memorize a few things, prose or poetry, when you are to travel together, and breathe them softly over the dinner table when you two are dining alone in public. Or he can give you the plot of the last picture play he has seen or the last detective story he has read. Won't it be the flavor of the coffee?"

It's the Flavor

Flavor is to coffee what happiness is to life. The more happiness the better life, the more flavor the better coffee.

condition of some of society's rebellious characters, and it was never intended that this system should be applied to the same individual repeatedly. It was never intended as a device for extending either clemency or mercy. Our jury system is abundantly qualified for those purposes. I would like to suggest that the evil results which have flown from the application of this system could be corrected by providing additional rules for its application, the principal one of which would be that any individual who had been granted probation or parole, who again commits felony, has by that act thereby willfully, deliberately, with aforethought and calculation declared himself to be an enemy of society, to whom society is no longer indebted, and who never can be permitted to any at liberty. In other words, a felony committed by a paroled prisoner should automatically call for imprisonment for life.

Further, paroled prisoners should be assigned to the care of capable trained officers, to whom there are only a number of such assignments made which can be consistent with the careful personal, direct supervision of the officer.

J. D. FREDERICKS.

Make Much Noise.

LOS ANGELES, Oct. 16.—[To the Editor of The Times:] It is to be hoped that our City Council will not forget that one fanatic makes more noise than a hundred ordinary stay-at-home citizens. And there never was a time in history when so many self-constituted governors of the public conscience were busy, nor a time when it was so easy for them to disseminate and find lodgment for their obnoxious and dangerous propaganda. A world catatonic has created a public mind peculiarly susceptible to any lam that savors of a "good idea."

One of the most idle and vicious of these theories is official censorship. Public opinion never can be harmonized regarding any question of morals, religion or personal conduct. Opinions upon these subjects (I do not speak of mere conceits or whims) spring from a source so deep and obscure that seldom can the proposed censorship of grave matters satisfactorily explain when it comes. A board of seven or any number of official censors would have an equal number of opinions upon every disputed question, and any decision upon compromise.

There is no great remedy for physical, moral or civil wrongs which does not depend for its efficacy on the manner of its application. That is true of the probation and parole system, which have appeared in the Times recently. This system was inaugurated during the time I was District Attorney of this county, and I was partly instrumental in its creation into a State law. And while I thoroughly agree with your criticisms of its application, I am, nevertheless, heartily in favor of the system.

And while I thoroughly agree with your criticisms of its application, I am, nevertheless, heartily in favor of the system.

There is no great remedy for physical, moral or civil wrongs which does not depend for its efficacy on the manner of its application. That is true of the probation and parole system, which have appeared in the Times recently. This system was inaugurated during the time I was District Attorney of this county, and I was partly instrumental in its creation into a State law. And while I thoroughly agree with your criticisms of its application, I am, nevertheless, heartily in favor of the system.

GASOLINE ALLEY—MAYBE SHE WANTS A RAISE.

the honored dead of the nation were treated with much disrespect by the express company. We cannot blame the Japanese for their disregard of the common sense of civilization, for we know that beneath their thin lacquer of politeness there is a world of inhumanity and perversion to western civilization. We can, and should demand explanation for their outrageous action; possibly it comes from a hardening of the heart by the world's hard trade, treated with fire. They are two and one-half feet in length

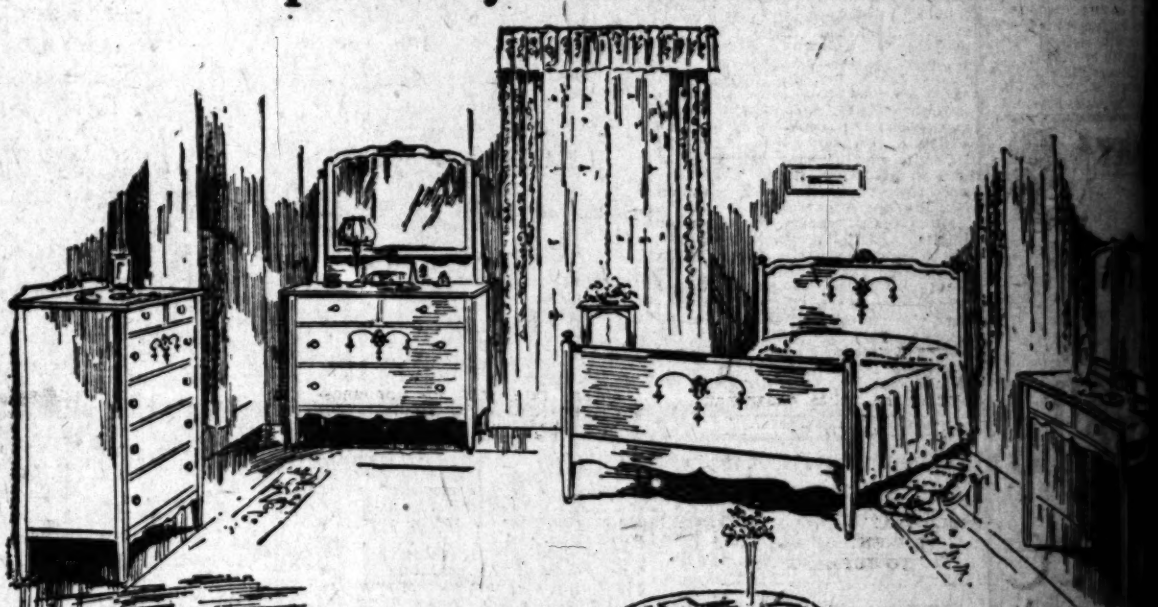

and two and one-half inches in width. The boomerang is convex on one side and flat on the other, with a sharp edge along the convex curve. Q: How much does a gallon of sweet milk weigh? T. W. M. A: A gallon of milk weighs about 8.6 pounds. Q: When did money begin to play an important part in world affairs? B. H. A: While coins had been made and money used to some extent, it was not until Rome became a world power in the centuries just preceding Christ's birth, that money be-

came fluid and took an important place in affairs. It was also at this time that soldiers were first paid for their services. Q: If I take a civil service examination and fail to pass, may I try again? C. F. B. A: It is possible to take other examinations if you fail to pass, or if you wish to try to make a better grade. Q: When and where was the first mill in America, propelled by power from a waterfall? E. A. A: The first water mill in the United States was built in 1634.

Q: What was the first mill in America, propelled by power from a waterfall? E. A. A: The first water mill in the United States was built in 1634.

WEDS GIRL WHO COST HIM WIFE.
Shippey, at Mexican Altar, Unravels Love Tangle That Spread Over Three Nations.

Marrying the French girl for whose love he separated from his wife, Lee Shippey, former Los Angeles newspaper man, apparently has written into a tale of love tangles which extended over two years in France, America and Mexico, dispatches from Mexico City indicated yesterday.

Mr. Shippey, whose domestic difficulties were given considerable publicity because of the unusual nature of the case, wed Miss. Madeline Babin, formerly of Paris, France, a few days ago in the Mexican capital, according to information received at San Antonio, Tex.

The wedding followed shortly the successful fight by Mrs. Shippey for a divorce in Kansas City, former home of Mr. Shippey. Meanwhile, he had filed suit for divorce in Mexico, where he has been living for several months. After the wedding at Mexico City, Mr. Shippey stated that it really was his second marriage to Miss. Babin, as they had been married in a church in Paris more than two years ago by a ritual of their own.

Following Mr. Shippey's return from his services in France, Miss. Babin came to the United States. An effort to exclude her from America failed. Later, Mr. Shippey's wife, Mrs. Mary Eliza Woodson Shippey, brought suit for divorce, charging that her husband, while in France, had transferred his affections to the French girl.

CITY-EDISON FIGHT MAY BE SETTLED.

State Supreme Court Will Take Up Controversy Over Right to Sell Power Today.

When the State Supreme Court, sitting on banc this afternoon in the Pacific Finance Building, considers the question of the operating agreement between the Southern California Edison Company and the city of Los Angeles, a legal battle begun five years ago may be settled.

On April 30, 1917, the agreement was entered into and on the day following, the Los Angeles Gas and Electric Corporation began proceedings to enjoin the city from disposing of its electric power through the so-called operating agreement on the ground that it was in direct violation of the city charter.

"No electric power, now or hereafter owned or controlled by the city, shall ever be sold, transferred or leased or disposed of to any person or corporation for resale, rental, disposal or distribution to consumers or other persons, without the assent of two-thirds of the qualified electors of said city given at an election called for that purpose in the manner prescribed in the charter," reads Subdivision 41 of Section 2 of our city charter.

Having his arguments on this clause of the charter, Attorney Paul Overton, counsel for the Los Angeles Gas and Electric Corporation, acting as a taxpayer, took the case to the Superior Court on June 13, before Judge Sherk, and the case was decided in favor of the city. Thereupon an appeal was taken to the Supreme Court and the case was transferred to the District Court of Appeal, which decided in favor of the local corporation.

After this decision the city petitioned to have the case heard by the Supreme Court, which petition was granted and on Aug. 24, 1921, the Supreme Court reversed the decision of the District Court of Appeal and affirmed the judgment of the Superior Court in favor of the city.

Then it was pointed out by Attorney Overton that Judge Wilbur, in speaking for the Supreme Court, had misapprehended the facts in the case by assuming that on April 30, 1917, two contracts had been entered into by the city, one for the purchase of the distributing systems of the company or companies and the so-called operating agreement. The Pacific Light and Power Company also was concerned in the agreement.

The Supreme Court then "vacated," or set aside, its decision and the case comes up for hearing this afternoon.

Delay Hearing On Plan to Hire More Policemen

The meeting of the finance committee of the City Council to consider the Board of Police Commissioners' application for 160 additional policemen, which was scheduled for yesterday afternoon, was postponed until this afternoon, on account of the illness of Councilman Mallard, a member of the committee. Councilman Mallard is expected to be present today when the conservative estimate of City Auditor Myers that at least \$370,000 of surplus revenue is available for employing policemen during the remainder of the fiscal year will be considered, as well as the estimates of Councilman Muehle, chairman of the Finance Committee, who declares that \$600,000 can be applied to hiring policemen.

Councilman Wheeler, the former Socialist and Labor Temple leader, who is temporarily a member of the committee during the absence of President Criswell, who is acting Mayor, is expected to oppose a recommendation for any substantial increase in the police force. The opposition of union labor to more policemen dates back to the futile attempt made several years ago to unite the police department.

WOULD TEST MINDS OF CRIME SUSPECTS.

Psychopathic Association to Present Suggestion to Supervisors.

Examination of the mental condition of all persons charged with crime is advocated by the Psychopathic Association, it was announced yesterday. At the annual meeting of the organization, held last Monday evening at the residence of Mrs. Joseph Maw, 612 St. Andrews Place, a committee was appointed to present this proposal to the Board of Supervisors at an early date and to ask the board to make possible the establishment of a system similar to that followed in Boston.

"Members of the association feel that much time and expense could be saved the county if a system of examination can be invoked on all defendants charged with crime; that many pleas of insanity would be forestalled and that in other cases where crime has been committed because of the mental disability of the defendant, long court procedure could be done away with," said Mrs. W. B. James, secretary of the association, last night.

Dr. H. C. Brainerd was elected president for the coming year and the following were chosen for the board of directors: Dr. Edward H. Williams, Dr. Charles Allen, Dr. Ross Moore, Judges Meyers, McCormick, Weyl and Reay, W. C. Shelton, Mrs. O. P. Clark, Dr. Martin Carter, Mrs. L. C. Bryant and Mrs. W. B. James.

Justice Wilbur of the State Supreme Court, was a guest of honor of the evening. After the meeting Mr. and Mrs. Spenser-Kelley gave a musical program. The next meeting will be held at the residence of Mr. and Mrs. James in November.

RETAIL MEN TO MEET.

Dialogue on Credit Application Part of Tonight's Program.

An interesting business and instruction program has been arranged for the meeting of the Retail Merchants' Association tonight at the Y.M.C.A. auditorium, 715 South Hope street, starting at 7:15 p.m. The first meeting for the season of the association's school will be held under the direction of Paul R. Smith of the Union Oil Company. He will speak on "Taking the Application for Credit," and "The Opening of a New Account."

George B. Zartman and Frank D. Springer will hold a dialogue on the first subject, acting as interviewer and applicant, respectively. W. W. Weir, president of the association, will be chairman. The public, and members of the credit and collections departments of Los Angeles firms, are invited to attend.

IN BANKRUPTCY COURT.
Louis Friedman, operating as the Mack System, 814 South Broadway, filed a petition in bankruptcy in the United States District Court yesterday, with debts amounting to \$14,503.14, of which amount \$10,577.50 is unsecured. He lists his assets as \$12,912, but of this sum he says \$314 is exempt from execution, and there is \$8000 in the shape of life insurance policies that are also exempt under the law.

ON RED CROSS SEAL SALE.
Red Cross seals may be put on sale before the Christmas holidays, according to word received at the Chamber of Commerce, whose board of directors yesterday endorsed the proposition. Secretary Wiggins was allowed to buy the usual allotment for the chamber to be placed on outgoing mail at Christmas time.

Hamburger's
ESTABLISHED 1881
Store for Men

"REASONS" for Our CLOTHING

"Why should a man come to a Department Store to buy a suit of clothes?"—the question of a recent visitor to our Store for Men—and incidentally a customer, after listening to our "reasons" and seeing the tangible out-working of our ideals in the clothing itself.

There is Every "Why"—Because

—We are not obliged to "push" any one make of clothing above another

—we PICK the best clothing, according to our judgment, from the markets of Rochester, Chicago and New York

—when we list our SPECIFICATIONS with the manufacturer, it is with the one idea of how much quality can be put into the merchandise

—we DEMAND and get VALUE

—to all intents and purposes, we are the ultimate wearers of the garments, backing every Suit and Overcoat with the guarantee of "satisfaction or your money back"—hackneyed but forceful phrasing.

WITH THESE FACTS AS A BEGINNING, THERE IS STILL FURTHER THE TRUTH OF OUR GREAT AGGREGATE VOLUME OF BUSINESS, BRINGING THE EXPENSE OF OPERATING THE INDIVIDUAL DEPARTMENT DOWN TO A MINIMUM—AN ADVANTAGE YOU REAP IN BETTER PRICES.

We Are Now Showing Over 3600 New Suits and Overcoats at
30.00--35.00--40.00--45.00--50.00

Fall Shirts--Extra Good at 2.35
Guaranteed absolutely fast color—and your choice of imported and domestic woven madras—featuring the best and newest Fall stripings. Sizes 14 to 17. (Main Floor.)

Genuinely Good "Buys"—Pajamas of the Right Weight Outing Flannel, 1.95
Right for warmth and right for service—and all rightly made for comfort. Good striped effects on light grounds. A special selling price. (Main Floor.)

Extra Fine Outing Flannel Pajamas, 2.35
For the man who wants to go a little higher for the extra quality. Just as good as the most fastidious could demand. Good stripes, light grounds. Another exceptionally low pricing. (Main Floor.)

Men's Shoes 7.50
A number of excellent styles at this popular price, including English and Brogue lasts. All sizes. Especially good values. (Main Floor.)

Burke Grand Prize Golf Clubs, 4.00
An exceptional buy Saturday for those who appreciate quality. A make too well known to need comment—your choice of driver, brassie, mashie, niblick, jigger or putter. Saturday only at this price. On sale on the Fourth Floor.

Hat Special
1.95

Good quality soft felt hats, featuring the new and correct Autumn shapes and colors. Hamburger's "Extra Special" worth talking about.

New Stetsons, 7.50
Needing no comment other than the fact that Hamburger's offers them in complete assortments.

Extra Quality Felts in Goodly Assortment, 4.00 and 5.00

Store Open All Day Saturday

How to End Aching Feet

New-day treatment keeps feet in perfect condition.
A little book, entitled "The Proper Care of the Feet," is helping a good many people to free themselves from the nervous strain and constant annoyance of aching feet.
It shows simple ways to keep the feet in proper condition—how to overcome excessive perspiration, how to soothe aching muscles and tendons, how to reduce swelling, how to get instant relief from corns and how to end them; in fact, this little book is all that its name infers: "The Proper Care of the Feet."

This booklet accompanies each box of Blue-jay Foot Treatment, which may be obtained at your druggist's, or a free copy of the booklet will be sent if you write to Bauer & Black, Chicago.

Rheumatism Due To Waste Products In The Blood

For Genuine Relief Your Blood Must Be Purified.

As the blood circulates, it has two functions to perform. First, to carry nourishment to all parts of the body. Second, to take up the waste products and cast them out through the proper channels.
When waste products accumulate in the system, they are a menace to life. They cause a lowered vitality, many forms of skin disorders and rheumatism.
There is no disease more painful, nor more widespread, than that known as rheumatism. It is the ideal remedy for rheumatism, because it removes the poisonous waste matter which is causing the trouble. There is no bad after effects and the relief is wonderful. Begin taking S. S. S. today and write for 64 page illustrated booklet, "Facts About the Blood"—free.
Personal medical advice, without charge, may also be had by sending a complete description of your case. Address Chief Medical Director, Swift Specific Co., 730 S. S. S. Laboratory, Atlanta, Ga. All good drug stores sell S. S. S.

CHINESE IS HELD AS AUTO THIEF.

Boy is First of Race to Face Court Here on Car-stealing Charge.

The first Chinese to be tried in the Juvenile Court for stealing an automobile is Jack Kee, 15 years of age. He was with a gang of American boys who stole the car of Miss Helen Wilkins from in front of her residence at 618 and 2 Cummings streets last week. After an all-night ride the gang abandoned the car in industrial street.
The father of the boy wants to send him back to China to complete his Chinese education. Referee Graag remarked it was evident that Jack's American education had progressed. Referee Graag will report the matter to the Federal authorities. If they decide Jack cannot go back to China, he will be returned to Juvenile Court for punishment.

ROBBERY IS CLEWLESS.

Identity of Thieves Who Stole Mail Pouch from Boy Still Mystery.
At a late hour yesterday the police were still without a clew to the mysterious thieves who stole a mail pouch from Franklin Robinson, 15-year-old messenger boy of Bishop & Co., 1344 East Seventh street. The bag, containing mail, was taken from the handle-bars of the youth's bicycle when he left it at a bank at Fifth and Spring streets. According to officials of the company, several thousands of dollars in checks were in the mail, as well as a large number of orders. No estimate of the loss could be made yesterday to the police.
Officials declared that the stolen mail will prove of no value to the thieves, as no cash was in the mail pouch. Payment has been stopped on all checks thought to have been in the letters taken.

Hamburger's Announces a Most Interesting and Unusual Purchase

Japanese Hand Embroidered Silk Kimonos

Though in the Usual Way of Purchase and Presentation, the Price Would Be Many Dollars

A direct importation that brings all the charm of aristocracy with each and every silken garment!

Not only is the silk beautiful in quality, but the coloring those ever desirable rich, deep tones in the shades and those delicately lovely in the softer tints. All are hand embroidered with silk floss in bird and butterfly designs that always prove the marvel.

It Is None Too Early to Think of Christmas

—not when value and beauty such as these is here to be had with economy!
All made in the regulation Japanese style with padded silk lined throughout—large flowing sleeves and fringed ends. So gorgeous in their coloring are these kimonos they could be part of some native Japanese pageant or the rich robes at temple or court.

The Hallowe'en Costume

May Be Happily and Economically Solved From a Special Stock of

Orange Smock Aprons
For when the party is over they will serve just as well as house aprons. Of Japanese crepe embroidered with wool and with black bodice lacing. Two points of their usefulness, while the color scheme is festive and coming. All sizes.

Distinctive Suits, 34.50

Foresight in Planning "Garment Week" Events Enables Hamburger's to Present These Once-in-a-Season Values

"The best suits I've seen for the money this season" commented one woman customer who has seen the suits in the stores and fabrics and styles well. And needless to say she selected one from among this very fully interesting collection to add to her Autumn wardrobe. In this exceptionally large grouping are styles and colors becoming to the miss and the older woman as well.

One style has the narrow shoulder effect that flares gracefully at the hips according to the latest fashion. Many others have more definite figure lines marked by narrow belts. Happily, an abundance of fur is used as collars or to punctuate tabs and panels.
